

# ROME REPORTS ITALIAN LINE HOLDING

## FRENCH AND BRITISH TROOPS ARE BEING RUSHED TO AID

**Gen. Cadorna Believed to Have Succeeded in Reuniting Forces**

**Critical Moment for Italy**

**Italians Realize that Their Second Army is Standing the Supreme Test as Result of Combined Offensive**

WASHINGTON, Oct. 29.—Word from Rome today that the Italian line was holding against the terrific assault of the Austro-German forces was received by official Washington with eager interest and frank relief. Military authorities here have not disguised their keen anxiety as press reports showed the Italians wavering back under the crushing blows of the enemy.

Satisfaction was found also tonight in the announcement from London that steps already had been taken by the French and British to support the Italian front. There was no indication of what operations that announcement might foreshadow. Even accepting the German claims at face value many officers here believe General Cadorna will be able to check the drive if the morale of his army was not shattered. The announcement from Rome that all elements of the Italian forces were obeying orders of the general staff was viewed as setting at rest, for the time at least, the gravest fears for the final outcome of the struggle.

The announcement was taken to mean that General Cadorna had succeeded in reuniting the forces scattered by the first fierce rush of the Austro-Germans, and was falling back steadily and behind a well organized defense to the line selected for a stand.

In his weekly summary made public today Secretary Baker said Italy was passing thru a critical moment. The statement was prepared before the full extent of the attack had developed but it indicated the opinion in military circles here that General Cadorna might find it necessary to surrender much of the ground won so recently by his forces when only the Austrians faced them. The belief prevails here that the underlying motive of the German high command which is directing the attack and has furnished the men and guns for the drive is a purely political one. Army officers point out that it was launched with lavish state effects; with the Austrian emperor announced as in supreme command and with the German General Von Mackensen as the guiding genius of the movement. Already Von Mackensen has swept back the Russian lines, overrun Serbia and all but crushed the Roumanian forces in similar drives. He is regarded as the striking head of the German war machine, the man of the hour when a headlong assault is to be delivered.

With such an association of dignitaries leading the heralded onslaught some observers assert that anything short of the annihilation of the Italian army must be regarded as a negative German victory if not a defeat. Reports from Rome that political party lines are vanishing in the great emergency support the belief that no political upheaval is to be expected. On the contrary, in the view of some diplomats, the assault probably will serve to steel the Italian people to co-operative effort against the enemy such as they have only dreamed of heretofore.

Behind the old position into which the Italians now have been forced lies the old defense line established many years ago by Italian soldiers, the line of '66. It was selected because of natural advantages and along the line new rail and wagon roads, distributing machinery and all that for the maintenance of a great army are said to have been provided in anticipation of a backward movement.

### PRAISE FOR FIELD MARSHAL HAIG

BRITISH FRONT in France and Belgium, Oct. 29.—(By The Associated Press.)—The striking victory won by the British on Friday last just west of Passchendaele has called out high praise from Field Marshal Haig. In a telegram sent on Saturday to Lieutenant General Sir Herbert Plummer, commander of the army which made this remarkable drive thru the marsh lands, the field marshal said:

"The successes gained by your troops yesterday under such conditions are deserving of the highest praise. While all the troops did well and contributed materially to the results achieved, the performance of the Canadian division in particular was remarkably fine. The ground gained is of high importance and I congratulate you and all under you on the results of the great effort made."

### EMPERORS EXCHANGE CONGRATULATIONS

AMSTERDAM, Oct. 29.—A despatch received here from Vienna says Emperor Charles of Austria-Hungary has congratulated Emperor William on the capture of the Italian town of Cividale by the German troops and has thanked the emperor for placing at his disposal "a number of your splendid divisions."

"The attacking energy of your troops," said the message of the Austrian monarch, "proved, as ever, to be unconquerable." Emperor William in reply sent the following telegram: "The operations so successfully begun under your command against the Italian army give promise of progress. I rejoice that beside your well tried Isonzo fighters the German troops in comradeship of arms have beaten pur disloyal former ally. Congratulations on the recapture of Gorizia and the Carso plateau. Forward with God."

### ITALIANS HEROICALLY DEFEND MONTE NERO

ROME, Sunday, Oct. 28.—All Italy realizes that the Italian second army is standing a supreme test as a result of the combined German and Austro-Hungarian offensive on the eastern frontier. The tone of the press is courageous notwithstanding the setbacks that thus far have been reported. One incident of the retreat of the Italians has been the defense of Monte Nero where most fierce fighting took place for an entire week with the Italians able to retreat but refusing to do so. This gallant defense was made because Monte Nero literally has been consecrated with the blood of Italians since the commencement of the war.

### GERMANS ARTISTS IN CAMOUFLAGE

ZURICH, Oct. 29.—The military critic of the Vienna Reichspost says that thousands of tons of munitions and equipment for the offensive against Italy were brought to the front over a network of concealed roads, and guns were placed in position at night time. The Italians observed nothing of these maneuvers, which were carried out with the aid of the modern technical devices.

"Evidently," continues the writer, "the enemy was deceived by the absolutely unchanged appearance of the country, an impression, which the advancing troops did everything to preserve." "When the attack began the mist impeded the artillery, consequently the infantry delivered the first blow advancing with marvelous rapidity, so that the mountain positions were surrounded and made untenable before the fog lifted."

### ITALIAN SITUATION SUMMARIZED

PARIS, Oct. 29.—The Italian situation is summarized by the Temps military expert as follows:

"The Austro-German offensive on the Italian front develops with quieting energy. The enemy's right, descending in the valleys that converge on Azzida have reached Cividale. All the Italian forces on the plateau of Bainsizza and on the Carso as far as the sea, menaced with envelopment, have been obliged to evacuate the regions that they were at so much pains to conquer. They are retreating toward the west beyond the Isonzo. In the same way as the Germans went to the aid of the Austrian troops, the allies are going to give their support to the Italian army where they will find on the Tagliamento a line of resistance where it is to be hoped the Italian position will be re-established as was ours on the Marne. There is no time to lose. Cividale is only 25 miles from the Tagliamento and the enemy's columns march with prodigious speed."

### GERMAN OFFICIAL STATEMENT

BERLIN, Oct. 29.—via London.—The Austro-German troops invading northern Italy are standing before Udine, where the Italian headquarters have been located, according to today's army headquarters announcement. The headquarters statement reads:

"Italian front: The successes attained by the rapid attack of German and Austro-Hungarian divisions under General Otto von Below, due to the high rising offensive spirit of the troops, has brought about a collapse of the whole Italian Isonzo front."

The defeated second Italian army is retreating toward the Tagliamento. The third Italian army offered only brief resistance to our attack against their positions from Wippach to the sea and is hastily retreating along the Adriatic coast.

"North of the broad sector which has been pierced, the Italian front also is yielding as far as the Ploekken Pass. Hostile rear-guards thus far vainly have endeavored to stem the impetuous advance of the armies of the central powers."

"Austro-Hungarian troops are standing before Udine, hitherto the grand Italian headquarters. Austro-Hungarian divisions have captured Cormons and are approaching the frontier in the coastal region."

"All roads are covered with disorderly retreating columns and cars belonging to the Italian army and to the Italian population. The number of prisoners and the quantity of booty are continually increasing."

"Violent tempests and heavy rains have prevailed on the vast fighting area of the twelfth Isonzo battle."

"Western front: Army of Crown Prince Rupprecht: Mist and fog restricted the fighting activity in Flanders, but artillery activity along the Yser reached great violence, especially near Dixmude, during the night. Attacks by enemy detachments north of the town failed."

"Between the Houtholst wood and the Lys the enemy directed strong firing on our fighting zone. English infantry advancing behind drumfire and smoke shells, attacked north of the Boesinghe-Staden railway. The storming waves collapsed as a result of our defense."

"Army of the German crown prince: On the Chemin-des-Dames, strong French forces attacked twice after violent artillery preparation near Braye. As the result of our fire and at some places counter thrusts by our trench garrison the enemy had to retreat. He sustained heavy losses and left prisoners in our hands."

"Aviation: Since Oct. 22 the enemy has lost forty-eight airplanes in air engagements and by our anti-aircraft guns."

### SAMMIES TAKE FIRST PRISONER OF WAR

German Letter Carrier Shot Near Front of American Trenches—Dies in Field Hospital.

With the American Army in France, Oct. 29.—By The Associated Press.—The first German prisoner of war taken by the American expeditionary forces died today in an American field hospital having been shot when he encountered an American patrol in No-Man's Land in front of the American trenches.

He, with another German, was discovered Saturday night by the patrol and was called upon to halt. The Germans ran; the patrol fired and one of the enemy was hit. The prisoner was treated at a dressing station and removed to a field hospital, where the combined efforts of several surgeons failed to save his life.

The prisoner was a mail carrier and letters of some importance were found on him. He explained his presence near the American trenches saying he had lost his way in the

dark. He declared that the German soldiers did not know that Americans were on the front or in France, the officers telling them nothing.

### MILLIONS NEEDED FOR RED CROSS WORK

WASHINGTON, Oct. 29.—At least \$30,000,000 in addition to \$10,000,000 already appropriated, will be required to keep in full operation Red Cross activities in France and Belgium during the coming six months, according to the estimate of the American commission in France.

"We cannot state too strongly the critical situation that will arise during this winter," the commission has cabled headquarters, "and the necessity in every line and in every field will conduce to the firm establishment of morale of the people and the armies. The amount of work that can be done in this direction will be limited solely by the resources at our command, both money and material."

### War News Summarized

From the head of the Gulf of Trieste northward along the Isonzo front to beyond Tolmino and thence westward thru the Carnic Alps region to the Ploekken Pass, forming the eastern and northeastern boundaries of the Austro-Italian war front, the Germans and Austro-Hungarian troops are operating swiftly and strongly against the Italians in an endeavor to crush the forces of General Cadorna.

Already the Italians according to the German official communication, are standing before the town of Udine, the former grand headquarters of the Italian army having been driven on past Cividale. In the press westward from Gorizia, the Germans have captured the town of Gormons, ten miles to the southeast of Udine, and the entire Italian line southward of the Adriatic is reported to be in retreat.

In addition to the wedges driven into the Italian front in the east and northeast the Teuton allies have started a third wedge in the north thru Ploekken Pass their hope evidently being to cut off the retreat of the greater portion of General Cadorna's armies moving west and south-west. The Italian commander-in-chief however, reports that his men are checking the advance in this region. Evidently the weakness among the Italians has been entirely overcome as Cadorna says that all movements ordered by the general staff now are being carried out in regular order and that the Italians are fulfilling their duty by keeping in check the enemy's advance into the plains.

Meanwhile in order to aid the Italians in their hour of trouble, Great Britain and France are preparing to lend immediate aid and the possibility is that already troops are being hastened across the western Italian front, and by way of Turin and Milan to the battle front in the east.

As a result of the Teutonic allied offensive internal conditions in Italy are declared to have been unified, the preponderating idea of the entire population now being to abolish party lines in order to meet the situation in the best interests of the country. Even the cabinet crisis is expected to be solved with comparatively few changes in port folios.

On the western front in France and Belgium the fighting has taken place, except in the nature of bombardments altho on the Verdun front the Germans in an attack near the Chaume wood captured a portion of a French trench. Later however, they were driven out from the most of it. On that portion of the line held by the Americans the first German prisoner taken has died of wounds sustained in No Man's Land when he failed to obey a command to halt. The Americans daily are shelling the Germans, with the Germans answering their fire. Snow has fallen in the region where the Americans are entrenched.

On the Russian front the Germans in their continued evacuation have withdrawn from the entire Werder peninsula, projecting into Moon Sound in the Gulf of Riga. The possibility is that their ill success in landing further forces, last week caused the decision to withdraw the troops.

### ATTRIBUTE CABINET FALL TO GROLITTI

TURIN, Italy, Friday, Oct. 26.—The fall of the cabinet of Premier Boselli is attributed to Giovanni Grolitti former premier who thus reverts his old power as Italy's political leader. Before the entrance of Italy into the war he was in favor of the country's neutrality, representing conservative opinion and business interests. The political situation now enters into a new and interesting phase which is being watched closely. It is assumed the new cabinet will be far stronger at home in view of the overwhelming majority favorable to Signor Grolitti which includes the Socialists. On this account it is believed the new government will not be forced to temporize and make concessions to trouble-makers, as did Premier Boselli. It probably will be able to deal in a practical manner with the problems of food, clothing and speculation.

### SENTENCED NINETY DAYS FOR PICKETING

SPRINGFIELD, Ill., Oct. 29.—Z. S. Lockhart and R. J. Smith were sentenced in the federal court here today to 90 days in jail for the alleged violation of an injunction against unlawful picketing of the plant of the St. Louis Smelting and Refining company at Collinsville, Ill. They were given a jury trial under the provisions of the Clayton law.

A number of other cases are set for trial before Judge J. Otis Humphrey today.

### WOMEN START CAMPAIGN

New York, Oct. 29.—An army of 15,000 women today started a week's campaign to enlist 1,200,000 New York City residents in the food conservation campaign of the National Food administration. The women will canvass every house in the greater city. They will carry pledge cards with them to be signed and will leave in every home literature bearing upon the subject of the necessity of saving food.

### PREMIER LLOYD GEORGE PRAISES ARMY AND NAVY

#### Parliament Adopts Resolution Presented By Premier

In Recognition of Services in the War and Expresses Sympathy to Relatives and Friends of Those Who Have Given Their Lives for Their Country.

London, Oct. 29.—Parliament today adopted a resolution presented by Premier George expressing the thanks of the parliament to the navy and army, including the overseas troops, and the merchant marine, for their services in the war and to the women in the medical and other auxiliary service and expressing sympathy to those relatives and friends of those who have given their lives for their country.

Premier Lloyd-George in moving the resolution, said that even if he had leisure in these terrible times especially the anxiety of the last two or three days, he felt he could not do justice to this great theme. The deeds mentioned in the resolutions were known to have won the admiration of every subject of the king.

The British navy was like one of these internal organs essential to life of which we are unconscious until something goes wrong. In this war, said the premier, the navy had been the anchor of the allied cause. If it lost its hold the hopes of alliance would be shattered.

The premier told how the navy had guaranteed supplies to the army abroad and material which it had enabled the allies to get from abroad adding:

"But for the navy disaster would have fallen upon the allied cause. Prussia would be mistress of Europe and, thru Europe, of the world. Despite hidden foes, despite illegitimate naval warfare, despite black piracy the navy has preserved the highways of the seas for Britain and her allies."

"Since the beginning of the war the navy has ensured the safe transportation to the British and allied armies of thirteen million, two million horses, twenty-five million tons of explosives and supplies and fifty one million tons of coal and oil. The losses of men out of the whole thirteen million were only 3,500, of which 2,700 were lost thru the action of the enemy. Altogether 130,000,000 tons have been transported by British ships."

"The British expeditionary force said Mr. Lloyd George, now numbered more than 3,000,000. It was a great triumph of organization but was only rendered possible by the heroism of the old army—"the finest fighting troops in the world." It saved France and Europe, but hardly a man of that army was left. Of Marshal Haig one of the most brilliant members of the general staff, he said:

"Splendid as the fighting qualities of the troops have been, the success has been due in large measure to the power of organization—the persistence and forethought of Haig."

Seventy five per cent of the contribution in men said the premier and come from England and seventy five per cent of the losses had fallen on England. Scotland had done its share; Ireland had made a distinguished contribution and in voluntary recruiting races had beaten the record by a shade. The dominions had contributed between 700,000, and 800,000 men. He praised the work of the Canadians on the western front, the Anzacs in Gallipoli, and France, and the South Africans, particularly in clearing Devil's wood. The memory of the powerful aid given by India would never be forgotten.

"Never has the British empire shown greater or more effective union," explained the premier. "It had been regarded as a dream, it is now a fact, a powerful fact in fashioning the history of the world."

After references to the various auxiliary services, the premier, in moving offered the sympathy of the house to the relatives of those who had fallen.

Ex-premier Asquith who followed paid tribute to the fighting forces and John Redmond, the Irish leader emphasized that what the Premier and Mr. Asquith had said was the unanimous sentiment of the house of commons.

The Irish troops he said had shed a lustre upon their race and he believed the whole Irish race today was filled with pride and gratitude for their achievements.

### MAYOR THOMPSON REFUSES TO ALLOW RACES

Chicago, Oct. 29.—Mayor Thompson refused to issue a license for a 15-day race meeting scheduled to open today at a half mile course in Austin. The mayor said he believed the venture would result in gambling and the revival of handbooks. Promoters of the meeting had promised to make it a "betless" affair.

### QUINCY MAN INDICTED

Jefferson City, Mo., Oct. 29.—E. D. Richardson, president of the Richardson Oil Company at Quincy, Ill., was indicted today on the charge that he directed that coal oil be mixed with gasoline sold to the state penitentiary. He gave bond to answer 29 indictments charging the obtaining of money under false pretenses.

### Telegraph Notes

London, Oct. 29.—A despatch to the Exchange Telegraph from Rome says it is reported from Berne that the Austro-Swiss frontier again has been closed and that the Germans are hurrying reinforcements to the Italian war front.

New York, Oct. 29.—A movement to establish a fund for relatives of the victims of the American transport Antilles, which was sunk by a submarine, Oct. 17, began here today under the auspices of the junior patriots of America by Oliver Harriman president.

Concord, N. C., Oct. 29.—Solicitor Hayden Clement today presented to the Carburus county grand jury a bill of indictment charging Gaston B. Means with the murder of Mrs. Maude A. King of New York and Chicago, who was shot near here Aug. 29.

Des Moines, Ia., Oct. 29.—Canvass of the official recount of the vote cast at the recent election in Iowa on the constitutional prohibitory amendment, which apparently was defeated will not be undertaken by the state executive council until returns are complete.

Springfield, Ill., Oct. 29.—Fifty thousand dollars is set as the Springfield district's quota is the \$35,000,000 Y. M. C. A. war work council drive, it was announced today at a meeting held for the purpose of organizing the district. The Springfield district includes four counties, Sangamon, Menard, Mason and Logan.

San Diego, Cal., Oct. 29.—Henry P. Davidson, chairman of the American Red Cross announced today that arrangements had been made by the Red Cross to give immediate assistance to Italy. The appropriations he said included \$3,000,000 for medical supplies and \$500,000 for an American ambulance service.

Miami, Ariz., Oct. 29.—All the correspondence and records of the Industrial Workers of the World were seized on a raid on local headquarters today by agents of the United States department of justice, deputy sheriffs and officers of the United States cavalry stationed here. The office of the I. W. W. Defense Council was also raided.

With the American Army in France, Oct. 29.—(By The Associated Press.)—American batteries are continuing to shell the German lines at regular intervals, the enemy following similar tactics.

No official communique has been issued, but there has been no special infantry activity. Snow that fell last night interfered with all operations.

London, Oct. 29.—The steamer on which were United States Senators John D. Kendrick of Wyoming and William S. Kenyon of Iowa and Representatives John J. Rogers of Massachusetts, and James S. Parker of New York, was attacked by a German submarine off the coast of Wales Saturday.

The gunners on the steamer opened fire immediately and the submarine submerged before having time to launch a torpedo.

Dubuque, Ia., Oct. 29.—Corporal Erie, a non-commissioned officer in training at Camp Dodge and a former employe of James Geary, brother of Miss Alice Geary, the victim of acid-throwing, today provided one of the missing links in the chain of circumstantial evidence in the trial of Miss Carrie Hagerty on a charge of being the mysterious woman in black who called at the home of the victim during the night of the crime and threw acid in her face.

Uniontown, Pa., Oct. 29.—In a race in which Canton Chevrolet of Plainfield, N. J., driver and Salvador Barbarino, mechanic, were severely injured and narrowly escaped death when their machine on the 112th lap skidded and crashed into the guard rail surrounding the track, Eddie Hearn won the annual \$3,000 autumn classic of 168 miles on the Uniontown speedway today in 1:49:2.85 with Tom Milton a close second and Earl Devore and Ira Vail driving in relay, third.

### HOPE TO PREVENT SPECULATION

Washington, Oct. 29.—Special regulations to prevent speculation in canned goods will be put into operation November 1 by the food administration. All canners will be placed under license and forbidden to make future sales of canned corn, peas, tomatoes, salmon and sardines before February 1. This date later may be extended, depending on the needs of the Allies and the American military forces. The canners will be required to sell their products at a reasonable margin of profit.

### I. W. W. PLACED IN GUARD HOUSE

Port Shelling, Minn., Oct. 29.—Ira Luft, said to be prominent member of the Industrial Workers of the World at Bozeman, Mont., was placed in the guard house here today, having been brought here from Superior, Wis. Luft is said to have registered for the draft but his recent activities have been unfavorable to the government, according to the charge. He will be held for the federal authorities.

### GERMAN CHANCELLORSHIP IS LIKELY TO CHANGE

#### Newspaper Asserts Position has Been Offered Bavarian Premier

Berlin Zeitung Mittag Authority for Latest News Regarding High Position—Count Von Hertling Considering Matter.

Amsterdam, Oct. 29.—The Zeitung Mittag of Berlin says the German chancellorship has been offered to the Bavarian Premier Count von Hertling who has asked for time to consider the matter.

The resignation of Chancellor Michaelis was reported by Berlin newspapers last week but no confirmation of the report has reached this country. At the time Dr. Michaelis was made Chancellor it was said the place had been offered to Count von Hertling and that he declined it suggesting Dr. Michaelis. Much attention was attracted by a visit made by Count von Hertling to Vienna last April for discussion of peace prospects with Austro-Hungarian officials. After his return from Vienna the Bavarian Staats Zeitung, personal organ of the count declared for a peace without indemnities. In an interview in a Hungarian paper the count was quoted as expressing the conviction that the war would end by fall.

### ELECTRICIANS REJECT COMPROMISE OFFER

SAN FRANCISCO, Oct. 29.—Organized electrical workers of the Pacific Coast states and Nevada today rejected a compromise offer of the Pacific Telephone & Telegraph company by a referendum vote of approximately fourteen to one, it was officially announced. The unions by the same majority voted to support unionized telephone operators in their demands for recognition. Oct. 31 has been set for the date of the strike.

Approximately 3,200 male and 2,000 women employees will be affected.

The strike would paralyze wire communication from British Columbia south to San Diego, Cal., union officials said. Secretary of Labor Wilson has been requested to come to San Francisco immediately to seek to avert a strike. The request was made by United States Senator James D. Phelan and Gavin McNab, an attorney who acted as federal mediator recently in a strike of 25,000 ship yard mechanics.

### CASUALTY REPORTS TO BE MADE PUBLIC

WASHINGTON, Oct. 29.—Undeclared rumors, current in many sections of the country today, purporting to hint at some disaster to America's war forces, are ascribed by officials to the same propaganda which several weeks ago flooded the country with similar false reports calculated to dampen the war spirit and spread distress and dissatisfaction among those at home.

Any casualty reports, it was reiterated today, will be made public promptly by the government.

### MORE GROUND LEASED FOR CAMP DODGE

CAMP DODGE, Des Moines, Oct. 29.—Approximately 2,200 acres of land immediately north of this cantonment will be leased for use as an artillery range, under authorization received today from the war department.

The site will provide a range five miles long and a half mile wide at the end where artillery is placed, with the other end a mile in width.

Lease of 200 acres south and west of the camp also was authorized by the war department, for use as a drill ground.

Two hundred and five negroes from Iowa and Illinois are now in camp. G. A. Eberly, commanding the 36th regiment, said today.

Liberty loan subscriptions for this cantonment totaled \$1,358,450 at noon today.

### FOOD DEPOTS UNDER GUARD

New York, Oct. 29.—All granaries, food depots and other places where food is stored in great quantities in New York were under heavy guard today, under orders of Arthur Williams, federal food administrator for the city, who on Saturday was warned by Herbert Hoover, national food administrator, of the discovery of wholesale plots to destroy the nation's food supply.

### WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Partly cloudy Tuesday; probably snow flurries near Lake Michigan; slowly rising temperature west and south; Wednesday unsettled and slightly warmer, probably rain north and central portions.

Temperatures.

The current, maximum and minimum temperatures as recorded for Monday were:

Jacksonville	29	52	29
Boston	56	58	42
Buffalo	56	68	42
New York	40	58	46
New Orleans	60	84	70
Chicago	32	47	46
Detroit	56	56	42
Omaha	34	58	24
Minneapolis	22	26	26
Helena	28	26	6
San Francisco	68	62	52
Winnipeg	74	62	13

MEMBER THE ASSOCIATED PRESS  
The Associated Press is exclusively  
entitled to the use for publica-  
tion of all news dispatches cred-  
ited to it or not otherwise credited  
in this paper and also the local  
news published herein.

THE VALUE OF A  
GERMAN DOLLAR.

One of the hopeful facts about the  
war situation is that German paper  
money is now heavily discounted,  
even in countries known to be some-  
what friendly to the kaiser. In Swe-  
den a German paper dollar will buy  
only 40c worth of merchandise. Since  
it is a fact of history generally ac-  
cepted that wealth and resources  
eventually win in wars, there is some  
consolation in the evidence of Ger-  
many's present financial status.

MEXICO MAY GET  
INTO WAR GAME.

Now there are strong indications  
that Mexico may follow the example  
set by the republic of Brazil and other  
countries of South America and  
sever the diplomatic relations with  
Germany. Gen. Pablo Banales,  
formerly commander of the Carranza  
forces in Mexico City and a well  
known constitutionalist, favors this  
action and has just issued a state-  
ment to that effect, published in the  
papers of Mexico City. But the ways  
of Mexican statesmen are so devious  
and public leadership shifts so fre-  
quently there that the U. S. citizens  
will not be likely to attach a vast  
amount of importance to any action  
which Mexico determines upon.

SEEK \$4,000,000  
FOR RECREATION.

Four million dollars is the goal  
aimed at in a nation-wide campaign  
inaugurated to raise funds with  
which to provide wholesome re-  
creation and amusement for the  
men in the American military train-  
ing camps. It is aimed to raise money  
equivalent to \$3 for every man in  
the training camps. The campaign is  
to be under the supervision of the  
War and Navy Commission on  
Training Camp Activities, of which  
John N. Willys, the Toledo auto-  
mobile manufacturer, is the national  
chairman. Co-operating with the  
commission will be the Y. M. C. A.  
and various other organizations of  
similar purpose.

SOLDIERS LONG FOR  
THE HOME NEWS.

Lord Northcliffe, publisher of the  
London Times, the London Daily  
Mail, and scores of other papers and  
magazines, made an unusual plea  
for the soldiers and sailors in serv-  
ice, when he spoke in Chicago last  
week. It was that the folks at home  
send the local papers to the boys in

uniform, wherever they may be.  
The men at the front and in  
training camps manage to get the  
great dailies in one way or another,"  
he said, "and thus keep informed of  
what is going on in the world gener-  
ally—the big events, what they hung-  
er for, and what they miss, is news  
from their home towns. They want  
the local papers; they want to know  
who was at the church social, who  
has been married, and what team  
won the football match or the ball  
game."

SEA SAFETY FOR  
U. S. TROOPS.

All loyal Americans will learn  
with deep thankfulness that the  
ships to be used in conveying troops  
to France are practically submarine  
proof. These ships now building  
will not only be heavily armed but  
will have a speed greater than any  
submarine. Add to this a hull con-  
struction of a new type capable of  
withstanding the explosion of at least one  
torpedo and which will mean sea safety  
for American troops. Another bit  
of information this, especially com-  
forting to those who have "dear  
ones" soon to leave for France.

## TALKING IN BIG FIGURES.

In these days the American people  
talk in millions and billions as read-  
ily as they used to talk in thousands.  
Records just made public show that  
the government expenditure for the  
month of October will total at least  
\$1,000,000,000. Included in this  
vast sum are loans to the allies. Some  
statisticians who revel in figures has  
shown that this October record has  
meant an expense to the government  
of \$3,000 every minute, twenty-four  
hours a day. Perhaps these figures  
we now use glibly have grown so  
large that we do not understand their  
real meaning. But there is no deny-  
ing as the people pay their war taxes  
during the years to come that they  
will have a clearer understanding as  
to what these big figures mean.

DR. GARFIELD AND  
THE COAL PRICES.

Many people will credit Dr. Gar-  
field, fuel commissioner, with excel-  
lent intentions but now that an in-  
crease has been granted the mine  
operators will wonder wherein the pub-  
lic is benefited by the commission.  
Retail prices of coal, it is understood,  
must be advanced because of the re-  
cent ruling and that means prices as  
high or higher than prevailed before  
the commission was appointed. But  
in justice to the commissioner it  
should be said that while no savings  
have been effected for coal consum-  
ers here, in some other parts of the  
country where prices were higher  
there has been a decided scaling  
down.

THE REAL THANKSGIVING  
SPIRIT.

If the people of the U. S. take kin-  
dly to the suggestion of Food Com-  
missioner Hoover and "go light" on their  
Thanksgiving dinners, they will not  
only save a vast amount of food but  
will carry out the original idea of  
Thanksgiving day. In colonial times  
the New Englanders spent much of  
Thanksgiving day in religious serv-  
ices and gave prayerful expression to  
their thanks that the crops were suf-  
ficient and that they were safe from  
attack by redskins. But thru pass-  
ing years, while some religious ob-

servance lingers, the main Thanks-  
giving "idea has been to feast."  
Mr. Hoover declares that if all the  
people of the U. S. will for this one  
time taboo a "Thanksgiving spread,  
that enough food will be saved to  
feed an army of a million men for  
thirty days. Certainly patriotic  
Americans who are anxious to do  
their bit can well consider this re-  
quest and at the same time it will be  
helpful to them to once again turn  
their thoughts toward the Thanks-  
giving ideals of their colonial ances-  
tors.

USING GAS INSTEAD  
OF GASOLINE.

The lack of gasoline for motive  
power in England has driven some of  
the omnibus companies and those  
making long distances on their trips  
to experiment with coal gas. This  
subject is still attracting wide atten-  
tion in the United Kingdom, accord-  
ing to a consular report. The press  
is devoting much space to the discus-  
sion of its advantages and disadvan-  
tages. The consensus of opinion ap-  
pears to be that it is a practical propo-  
sition and should be adopted as  
widely as possible, at least for the  
present, in order to conserve the gaso-  
line supply. The British Commercial  
Gas association has been carefully  
investigating the subject, and in its  
report declares that coal gas in the  
present emergency may be advantage-  
ously used as a gasoline substitute by  
providing a large flexible holder in  
which the gas is stored approximately  
under atmospheric pressure. There  
are no difficulties in adapt-  
ing the ordinary engine to run with  
this fuel, as it may be employed with-  
out any structural alterations. An-  
other important point is that no al-  
teration in the carburetor is required.  
The gas bag is merely placed on the  
top of the car or van, and has one  
outlet and one inlet. The gas is car-  
ried to the carburetor and thence  
to the engine. The latter may be  
switched immediately from gasoline  
to gas or vice versa. (Oil City Der-  
rick).

AIRPLANE ATTACKS  
ON AMERICA.

Americans in contemplating with  
horror the air raids on England have  
been comforted themselves by the as-  
surance that similar destructive ex-  
peditions could not be sent against  
this country. They have felt a  
security in the knowledge that their  
school houses would not be ripped  
open by explosives, that their homes  
would not be shattered, and that  
non-combatants on this side of the  
Atlantic would never be torn and  
mangled by aerial bombs.

There is no such assurance, and  
the security which the Americans  
think they enjoy is a wholly false  
one. There is no knowing when Ger-  
many may send over here great  
hydro-airplanes traveling from 100  
to 200 miles an hour capable of  
carrying tons of explosives.

Dr. Lyman B. Powell, president  
of Hobart College, who has just re-  
turned from the war zone where he  
has exceptional opportunities for  
observation, says that he was in-  
formed by French experts that the  
Germans were building airplanes on  
such a huge scale that the Allies  
would have to work ten times as fast  
as they now are in order to keep up  
with them. Germany intends to end  
this war by the air method, and if  
possible to carry the war to Ameri-  
ca's doors to put fear in the hearts  
of her new enemy. Frenchmen are  
eager that the United States should  
manufacture its airplanes in France  
for the reason that if made here,  
they will be out of date by the time  
they are actually put in war serv-  
ice.

To underestimate Germany's ability  
to produce new and powerful engines  
of destruction would be folly. We  
are dealing with a barbarian, all the  
more cruel and dangerous because  
he has science at his command, and  
who will stop at nothing. Admirable  
as is our own airplane building  
program, events may prove that it  
is not sufficiently extensive, and that  
radical changes will have to be made  
if we are to keep pace with Ger-  
many, and defend our shores from  
her rain of death.

Rippling Rhymes  
By WALT MASON

## PLACES FOR ALL.

Some men must do the fighting,  
and some must teach in schools, and  
some must do the writing, and others  
shoe the mules. Let no man think  
he's futile because he may not go  
and shoot holes thru the brutal, ex-

asperating foe. I wished to join the  
army; the sergeant said, "My hat!  
Your years and weight alarm me—  
you are too old and fat." I wished  
to join the navy; the officer was flip;  
he smiled and said, "By gravity!  
You'd sink our biggest ship." Turned  
down by one and t'other, I mused  
said, "By James, officials cannot  
smother my loyal hopes and aims."  
I straightway went to knitting; I  
knit when on my walks; I'm knitting  
when I'm sitting. I make the soldiers  
socks, so stout a bull can't tear them,  
they'll keep men's tootsies warmed  
—but pity those who wear them;  
their feet must be deformed! My  
wife, she begs and wheedles to have  
me knit the harn; but with my  
knitting needles I use up balls of  
yarn. I make the sock and stocking,  
with large and bulging heel; when  
men are in them walking, how happy  
they will feel! You cannot help  
agreeing my course is wise and  
right; thus every human being may  
help to win the fight.

## THIS DATE IN HISTORY

October 30, 1846—Bishop Hill, be-  
tween Peoria and Rock Island,  
was settled by a community of  
Jansenists, who had left Sweden  
for the sake of their religion.

22ND BUICK GOES  
TO THOMAS J. QUINN

In spite of the rain and snow How-  
ard Zahn, Buick distributor, is still  
making sales. The 22nd Buick was  
sold to Thomas J. Quinn.

RED CROSS TO BUY  
FOOD FOR U. S. PRISONERS

War Council Appropriates \$31,212  
Work Will Be Accomplished  
Thru Headquarters in Switzer-  
land.

The War Council of the Ameri-  
can Red Cross has appropriated  
\$31,212 to buy seventy-five tons of  
food for American prisoners in  
Germany. The food is to be for-  
warded to the Red Cross warehouse  
at Berne, Switzerland, pending its  
use in German prison camps con-  
sists only of about 100 seamen.  
Twenty-five tons of food for their  
relief, enough to sustain this num-  
ber of men for three months, have  
been sent to Berne up to this time,  
and this authorized order for  
seventy-five tons will insure their  
sustenance for an additional nine  
months, or will suffice for a larger  
number for a shorter period.

Soldiers and sailors captured by  
the Central Powers are not provid-  
ed by their captors with sufficient  
food to keep them in good health,  
nor with sufficient clothing, so  
these necessities must be provided  
from home, and in view of this  
condition, the American Red Cross,  
and the United States Government  
is preparing to feed all American  
soldiers and sailors who may be  
taken prisoners by Germany during  
the war. A complete scheme for  
sustaining prisoners is now being  
worked out jointly by the War and  
Navy Departments and the American  
Red Cross, which will be the  
agency thru which the American  
prisoners will be reached.

Under the proposed plan of feed-  
ing American prisoners in Germany,  
each prisoner is to receive, in the  
course of every two weeks, three  
ten-pound packages, containing  
proper and sufficient rations to keep  
him in good health for that length  
of time. It is expected that sufficient  
food to sustain a considerable num-  
ber of men for several months will  
have been accumulated in Berne be-  
fore the American troops begin ac-  
tive service on the fighting front.

Already the Navy Department has  
shipped 100 outfits of clothing for  
the interned seamen in Germany,  
and the Quartermaster General's  
Department, 85 cases of clothing  
for soldiers and interned civilians.  
Foodstuffs, so far provided, have  
been purchased by the American  
Red Cross, but the furnishing of  
necessary rations is to be attended  
to by the government as soon as de-  
tailed plans for prisoner-relief work  
are perfected.

Under existing arrangements with  
the German government food and  
clothing for American prisoners are  
sent in bulk to a neutral country  
and there repacked by agents of the  
American Red Cross in standard  
containers. In charge of this work  
at Berne is Ellis L. Dresel, who, be-  
fore the war, was attached to the  
American Embassy at Berlin. He is  
now a member of the staff of the  
staff of the American Legation at  
Berne, and his experience has well  
qualified him for the super-intend-  
ing of prisoner relief work for the  
American Red Cross.

## CHAMINADE MUSICAL CLUB.

The Chaminaide Musical club met  
Monday afternoon at the home of  
Mrs. F. L. Haigrove on North  
Prairie street. A most excellent pro-  
gram from the works of modern Ger-  
man and Hungarian composers, was  
brilliantly rendered as follows:

Program.  
Germany and Hungary.  
Vorspiel, "Heimchen Am Herd." ..  
..... Carl Goldmark  
Miss Walker, Mrs. Charles Wolke.  
(a) Why are the Roses so Pale ..  
..... Korbay  
(b) In Autumn .. .. Franz  
Miss Phillips.  
(a) Filense .. .. Raff  
Mrs. F. L. Haigrove, Mrs. Duff-  
man.  
(b) Sandmannchen (Little Danc-  
man) .. .. Brahms  
(c) Morning Dew .. .. Hugo Wolf  
(d) Many a Dream .. .. A. Von Flietz  
Mrs. V. B. Vasey.  
(a) Czardas, Danse Hongroise ..  
..... Joseffy  
(b) Valse Brillante G flat .. .. Vogrich  
Miss Schirz.  
(a) Bolero Op 93 No. 7 .. .. J. Radassohn  
(b) La Chasse Op 39 .. .. Reinecke  
Mrs. Edgar Martin.  
(a) Serenade .. .. Richard Strauss  
(b) Spring .. .. George Henschel  
(c) Spring Is Come .. .. Hugo Wolf  
Mrs. Robert L. Stice.  
Hungarian Dances No. 6 and 8 ..  
..... Brahms  
Mrs. Vasey, Miss L. Rue.

EXCELLENT ADDRESSES AT  
PARENT-TEACHER MEETING

Members of Parent-Teacher of  
David Prince School Hear Excell-  
ent Talks on Public Health By  
Dr. Clarence East and City  
Physician King—Dr. Josephine  
Milligan Tells of Women's Part  
in the War.

The David Prince Parent-Teach-  
er association met last evening  
with a very good attendance show-  
ing the interest taken notwithstanding  
the inclement weather. Mrs.  
Bradley presided and "America" was  
first sung and then dispensing with  
the minutes, Dr. Josephine Milligan  
was introduced. She mentioned the  
time when she was a pupil in the  
public schools and her pleasure at  
being present.

Her theme was the Council of De-  
fense and the part woman is taking  
in the great conflict now going on.  
Mrs. Bowen is the head of the Illi-  
nois Division and the desire is to  
bring woman into line to see what  
she can do. The part woman plays in  
any great conflict is all important.  
She must give up her loved ones  
who fight the battles at the front  
and her's it also is to keep the home  
fires burning.

Three great things have been and  
are to be aided by her or done.  
Self liberty bonds, accomplished;  
help in conservation of food and  
next week to register. In food con-  
servation children may help. They  
should be taught to take on a plate  
no more than they need and to  
clean the plate thoroughly before  
leaving the table. The children  
should also urge their mothers and  
older sisters to register. There are  
approximately 13,000 women in  
Morgan county eligible to registra-  
tion and they should all enroll their  
names. The governor's proclamation  
was read. We want to get rid of  
contagious diseases and to rear  
vigorous, strong young people.

Dr. Allen M. King, city health  
physician, was then introduced.  
This is an important time to call  
attention to contagious diseases  
when the children are more shut in  
and less in the open air and thus  
more susceptible to contagion. Jack-  
sonville is fortunate in the small  
amount of contagious diseases with-  
in its boundaries. There is some  
typhoid fever whose habitat has  
been shown and the direct cause is  
hard to find. Our is a healthy com-  
munity. Some time past we had  
thirty cases of smallpox but only  
two were local, all the rest were  
imported. Persons in quarantine  
would go about after dark some-  
times visiting those who were not  
aware of their quarantine and some-  
times those who didn't care.

A few years ago there were in  
the city 500 cases of measles and  
twelve deaths. Sometimes the ap-  
pearance of scarlet fever is well  
high unaccountable and its after  
effects are most dangerous.

Dr. Clarence East, member of the  
state board, was next introduced.  
He read a lengthy article from a  
magazine, himself the author, and it  
was scholarly, lucid and highly  
valuable. It is practically impossible  
to give any adequate or even partial  
report of it for it was so  
thoroughly condensed itself that  
further efforts in that line would be  
unsatisfactory.

The learned gentlemen proceeded  
to tell what germ cells were and  
much concerning them. Doctors have  
been accused of secrecy but it is un-  
just as they merely wait till they  
are certain before giving their in-  
vestigations to the public.

There are good and bad bacteria  
or germs in existence and the good  
overcome the bad in healthy bodies.  
Dr. Koch had four tests in his re-  
searches.

The existence of the germ must  
be suspected in the body examined.  
It must be cultivated out of the  
body. It must be produced in a  
lower animal. He must be able to  
reproduce the germ in a human  
being. Disease carriers get into the  
body thru the mouth and nostrils  
and abrasion of the skin. Disease is  
not from our Heavenly Father. A  
sick person is the best carrier of  
disease. A good grandmother who  
had been nursing a typhoid patient  
gave it to her family on returning  
home. Animals carry disease.  
Cleanliness is opposed to disease. A  
doctor wiped out an epidemic in a  
mining town, with oil, scrub  
brushes and water. Flies are great  
carriers of disease and breed in out-  
door vaults, manure and garbage  
heaps. The spotted town is the fly-  
less town. Lagrip, smallpox and  
whooping cough are conveyed by ex-  
posure. The great scourge tuber-  
culosis, may be overcome by united  
and strenuous effort. Measles and  
whooping cough predispose the  
person suffering from them to tub-  
erculosis.

The gentleman took an opti-  
mistic view of the subject feeling  
that the handling of contagious  
diseases is becoming more and  
more understood and better manag-  
ed.

Some time was given to ques-  
tions and then "The Star Spangled  
Banner" was sung and the meeting  
adjourned.

Our Waterman pen stock is  
again complete. We have a pen  
for every hand.  
Bassett's Jewelry Store.

AGED WOMAN SUFFERS  
SERIOUS INJURIES.

Mrs. Nancy C. Stringham of 143  
Chestnut street is at Our Savior's  
hospital suffering from a fractured  
hip and arm as the result of a fall  
at her home Saturday morning. Mrs.  
Stringham had been in the back  
yard doing some work and in go-  
ing up the steps she stumbled in  
some manner and fell. Mrs. String-  
ham is 74 years old and this will  
make her recovery a matter of doubt.

H. Matson of Alexander was  
among the visitors in the city yes-  
terday.

CHAMPAIGN WOMAN  
OFFERS TESTIMONY

Champaign, Ill., Nov. 29.—State-  
ment after statement is now being  
given by residents of this city and  
vicinity regarding the merits of Tan-  
lac, the celebrated new medicine.  
Mrs. Nettie Bachman, Champaign  
woman of 505 South Neil street, is  
the latest to offer praise for the pre-  
mier preparation. She said on July  
12th:

"I had liver trouble and my stom-  
ach and bowels were out of shape.  
I've suffered this way for nearly a  
year. My liver was very sluggish  
and caused severe pains under my  
shoulders. It seemed that none of  
the food I ate digested properly as  
I was usually constipated, having to  
take a laxative every day or two.  
Dizzy spells accompanied with sharp  
pains across my back bothered me at

times. I felt weak and tired out all  
the time.

"One bottle of Tanlac convinced  
me that the medicine is one of real  
merit. My liver is in fine condition  
now and my bowels have been regu-  
lated. I never have to take a laxa-  
tive any more. The dizzy spells,  
pains under my shoulders and across  
my back have all ceased to occur.  
In fact, I feel better most every day,  
and I owe it all to Tanlac."

Tanlac is now being introduced in  
Jacksonville at Coover & Shreve's  
drug stores. It also may be obtained  
in the following towns: Waverly,  
Wyle Drug Co.; New Berlin, New  
Berlin Drug Co.; Ashland, H. O.  
Brownback; Versailles, A. G. Bates;  
Chapin, E. P. McKinney.—Adv.

SOME TAX ITEMS IN  
THE NEW REVENUE LAW

Toilet articles, perfumes, cosme-  
tics, toilet waters, extracts, vaselines,  
petroleums, hair oils, tooth pastes,  
soaps, powders, etc.—3 per cent.

Sporting goods of every descrip-  
tion, phonographs and records,  
pianos—3 per cent.

Pop, rootbeer and other soft  
drinks—1 cent per gallon.  
Cigars retailing at 4 to 7 cents—  
first 1000, \$1; above 1000 held in  
stock—50 cents.

7 to 15 cents—first 1000, \$3;  
above 1000 in stock—\$1.50.

15 to 20 cents—first 1000, \$5;  
above 1000 in stock—\$2.50.

Above 20 cents—first 1000, \$7;  
above 1000 in stock—\$3.50.

Cigaret papers, 25 to 50 papers,  
\$8.00; more than 50 papers, 1 cent  
per 100.

Cigarets, weighing not more than  
3 lbs. per 100—80 cents.

Weighting more than 3 lbs. per  
100—\$1.20.

Tobacco and snuff, per lb.—5  
cents.

Cameras—3 per cent.

Patent medicines, pills, tablets,  
powders, tinctures, syrups, plasters,  
liniments, ointments, salves, etc.—3  
per cent.

Telegraph, telephone messages,  
costing over 15 cents—five cents on  
each 100.

Postage rates—for letters outside  
city—3 cents; for postal and mailing  
cards—2 cents.

Express—one cent for each 20  
cents paid for transportation.

Freight—3 per cent on amount  
paid for transportation.

Club fees where annual dues are  
more than \$12—10 per cent.

Amusements—for each ten cents  
admission fee—10 per cent.

Railroad fares—on all tickets—8  
per cent.

Lyman Decker of the east part of  
the county was a traveler to the  
city yesterday.

## IN NEW POSITION.

Mrs. Glen E. Skinner who has  
been private secretary to E. H. Gray,  
superintendent of the Jacksonville  
Railway and Light company, has re-  
signed her position and has taken a  
position with the Elliott State bank.  
Miss Nellie McCarty of Swift & Com-  
pany's local office will succeed Mrs.  
Skinner with the Railway and Light  
company.

## CITY AND COUNTY

John Lamb of the west part of the county was a city caller yesterday.

Mr. and Mrs. Lew Pratt of Springfield were in the city yesterday.

William Trascott of Roodhouse was a visitor in the city yesterday.

Charles Gruber was a city arrival from Beardstown yesterday.

H. B. Sparks of Alton was attending to affairs in the city yesterday.

Miss Ruth Brando spent Sunday with her brother Roy in St. Louis.

Charles Ehrlick of Peoria called on city people yesterday.

W. E. Covert of Decatur made a business trip to the city yesterday.

Henry Brown of Franklin made the city a visit yesterday.

Charles Filkin of Woodson was among the city callers yesterday.

T. J. Boston of Springfield made a business trip to the city yesterday.

J. A. Herron of Springfield was a city caller yesterday.

Dr. Cowgour of Strawn's Crossing was a city caller yesterday.

E. S. Travis of Peoria was a caller on city friends yesterday.

P. J. Hannan of Roodhouse was a traveler to the city yesterday.

M. Rowen helped represent Scottville in the city yesterday.

Fred Miskell of Franklin made a business trip to the city yesterday.

Mr. and Mrs. Louis Maul of Litter-

berry were city callers yesterday.

M. and Mrs. James Nash of Elkhart, Ind., were visitors in the city yesterday.

Brunnell M. Johnson of White Hall was a business visitor in the city yesterday.

F. L. Frazier of Quincy was numbered among the business visitors in the city yesterday.

Mrs. W. J. Hodgson and Miller McLaughlin of Winchester were visitors in the city Monday.

Mr. and Mrs. Charles Vaughan of West College street spent Sunday in Meredosia.

Charles F. Allen of Waverly spent Sunday with his son, Hugo, of the clothing house of Lukeman Bros.

Mr. and Mrs. Wm. Phillips of Clark's Chapel were city arrivals yesterday.

Frank D. Correa of Manchester made his Jacksonville friends a visit yesterday.

T. L. Carter, south of the city was attending to his interests in the city yesterday.

Charles Fielder of Roodhouse was attending to his interests in the city yesterday.

Wesley Hungerford of the region of Nortonville was a caller on city people yesterday.

Edward Woods of White Hall was among the arrivals in the city yesterday.

S. B. Smith of Springfield was attending to his interests in the city yesterday.

A. B. McLee of Keokuk was attending to his interests in the city yesterday.

Edward Young of Orleans was added to the list of city callers yesterday.

J. H. Osborne residing east of Mayville was a city visitor yesterday.

Maricus Hulet of the vicinity of Antioch was a caller on city friends yesterday.

M. J. Dodson of Winchester was among the business men visiting the city yesterday.

R. H. Blimling of the west part

of the county was a city caller yesterday.

John Murray of Buckhorn neighborhood was attending to affairs in the city yesterday.

Mrs. Charles Cox and daughter Ruth were up to the city from Murrayville yesterday.

E. W. Zellar of Chandlerville was added to the list of city callers yesterday.

C. N. Page of White Hall was among the visitors in the city yesterday.

Mr. and Mrs. J. B. Bliss of Peoria were visitors yesterday with Jacksonville friends.

J. R. Page helped represent the city of White Hall in Jacksonville yesterday.

Miss Cornelia McFall of Pisgah precinct was a city shopper yesterday.

Joseph H. Bedell of Great Lakes was among the arrivals in the city yesterday.

Miss Stephen Ridder of Alexander was shopping with city merchants yesterday.

William Ryan of Franklin was among the visitors in the city yesterday.

Misses Barbara Gebert and Catherine Walsh have returned from a visit in Chicago and Joliet.

Miss Maude Ryman of Murrayville was a Jacksonville visitor Monday.

Floyd Owings of Chapin has been added to the clerical force at Hopper & Son's shoe store.

Mr. and Mrs. R. E. Clark of Chapin were among the arrivals in the city yesterday.

G. L. Riggs and family spent Sunday in Ceres, Green county, with Mr. Riggs' brother, H. B. Riggs.

Eugene Dodsword of Woodson is visiting his brother, Farrell Dodsword in Peoria.

Mr. and Mrs. J. Marshall Miller and Mrs. and Mrs. H. B. Kamm spent Sunday with James Miller in Decatur.

Miss Lottie Clerighan of Alton spent Sunday with home friends and relatives.

Mrs. K. N. Badenoch of Chicago is visiting her sisters, Mrs. Geo. L. Merrill and Mrs. Frank L. Strawn, and brother, John Russell of the Dunlap, Russell & Co. bank.

Mr. and Mrs. George Russel have ended a visit with Jacksonville friends and relatives and have returned to their home in Chicago.

M. H. Grassley of Springfield, Mass. has departed after a pleasant visit with his mother, Mrs. F. H. Grassley and family of South Clay avenue.

Mrs. Henry Maddox has ended an extended visit in Billings, Montana, and has returned to her home at 742 Chambers street.

M. McLaughlin of Scott county brought to the city a big delivery truck load of fine Gano apples. He was asking a dollar a bushel for them.

Mr. and Mrs. Lew H. Pratt of Springfield were among the visitors in the city yesterday returning in the evening.

Mr. and Mrs. Robert Allen and son of Rigston and Miss Marjorie Leib of Exeter were Sunday visitors in the city, making the trip by automobile.

Miss Irma Brown of the force at Herman's millinery department, enjoyed Sunday with home folks in Murrayville.

Benjamin Kincaid, wife and daughter and Mrs. E. Stoker motored up from Greenfield Sunday and spent the day pleasantly with Mr. and Mrs. George W. Sargent on South East street.

Mrs. W. G. Massey has returned from an extended stay with her daughter, Mrs. H. B. Kenney of Brookhaven, Miss., and is with her daughter, Mrs. H. B. Kamm on Mount avenue.

Miss Elson Barnes spoke to a large gathering at the public library building yesterday afternoon on the subject of women registration and was heard with interest and profit.

Mr. and Mrs. G. E. Burgland and daughter Lois, and Mr. and Mrs. C. Seasreidt and son Marvin of Galesburg have returned home after a visit with Mr. and Mrs. J. Harry Perry, Jr., of South Sandy street. The ladies are sisters of Mr. Perry and formerly resided here.

## PARENT-TEACHER MEETING TONIGHT

Parent-Teacher Association of Maple Grove will meet at the School this evening—Program of Recitations and Dialogues will be given—Members will discuss Continuation of Association.

Parent and Teachers' Association will meet at Maple Grove this evening and discuss the following question:

"Shall we continue our Parent-Teacher meetings?"

All those interested in these meetings are urged to be present. The teachers and a number of the parents have put forth untiring effort to make a success of these meetings but for some reason, there has been a lack of interest on the part of many parents.

At the Tuesday evening meeting it is expected that there will be full and free discussion on the subject and that either it will be decided to discontinue such meetings or else more parents will take an interest therein.

The teacher and pupils have prepared a fitting program as follows: Song . . . . . October's Party Recitation by Alma Lumley Exercise . . . . . Gay Halloween Recitation by Florence Galley Dialogue, The Haunted Gate by the Grammar room. Regular Business meeting with the issue:

"Shall we continue our Parent and Teacher meetings?"

Keep the kiddies warm in Brighton sleepers. FRANK BYRNS' Hat Store.

## Social Events

Met With Mrs. O. F. Bufile.

Mrs. O. F. Bufile entertained the Monday Conversation club at her home, 1054 West Lafayette avenue, Monday afternoon at 2:30 o'clock. Miss Mary Johnston of Illinois Woman's college presented the topic, "Poverty," in a very able manner. The afternoon proved one of much pleasure for all present.

Miss Anderson Hostess To College Hill Club.

Miss Anderson was hostess to the College Hill club at Illinois Woman's college Monday afternoon. The club is making a study of Alaska and Monday Mrs. Kuehler had the paper subject being, "Alaska, its Gold Rushes, Mineral Resources and Wealth." The paper showed much preparation and was given close attention by the members. The ladies brought their knitting and worked industriously during the afternoon. A pleasant social hour followed the program.

The Woodson Pastime Club Meets.

The Woodson Pastime club met Saturday evening with Mr. and Mrs. Henry Rees and enjoyed a delightful time. Social conversation, games and music occupied the hours of the earlier part of the evening and then a four course luncheon was served and was followed with oysters. Those present were Thomas Young and wife and daughters Lily and Edith, C. E. Butler and wife, P. J. Crotty and family, Richard Butler and family, Howard Henry of Woodson, Mr. and Mrs. Barrington from Jacksonville.

Mrs. Elmer Roberts.

A farewell party was given in Franklin Monday evening for Mrs. Elmer Roberts, who leaves soon to join her husband who is now engaged in business in Saginaw, Mich. The party was held at the residence of Mrs. Harland Roberts and proved most enjoyable in every respect.

Halloween Party

The "Loyal Woman" of the Central Christian church, taught by Miss Eleanor Thompson were entertained by Mrs. Hattie Jackson and Mrs. Mabel Duncan at the home of Mrs. Jackson, 522 Reed street. About thirty guests were present. All came masked, quite a lot of fun was caused by the "who is who" contest, which was won by Mrs. Lloyd Hamilton and consolation prize to Mrs. Blanche Clark. Delicious refreshments were served, and all departed at a late hour.

Celebrated Birthday Anniversary.

Mr. A. Anderson of Virginia celebrated his 84th birthday Sunday. A surprise was planned by his son and wife, Mr. and Mrs. Carl Anderson with whom Mr. Anderson has made his home. Mr. Anderson is in good health in spite of his advanced age. He was taken to church Sunday morning and when he returned found all his sons and daughters present to celebrate his birthday. An excellent dinner was served at noon and the day spent socially. Those present from Jacksonville were Mr. and Mrs. A. G. Lind and daughter Lillie, Mr. and Mrs. Fred Strandberg and daughters Edith and Lucille, Mr. and Mrs. Chris Howard, Mr. and Mrs. Fred Gustafson and daughter Irene, Miss Augusta Carlson, Earl Hemphill of Jacksonville and Mr. and Mrs. Carl Anderson and daughter Olga and son Clarence of Virginia.

U. C. T. Woman's Club Entertains.

The annual Halloween social of the woman's club of the United Commercial Travelers was held Saturday evening, Oct. 27, at the I. O. O. F. hall on East State street. Appropriate decorations gave a welcome greeting to the large crowd present to enjoy the splendid program and various games which had been provided for the evening's entertainment. The program was given as follows:

Victrola selection.  
Vocal solo—Little Mildred Rose.  
Piano solo—Miss Louise Sheppard.  
Greeting—Miss Armstrong.  
Piano solo—Frank Bonansinga.  
Violin solo—Miss Fern Haigh.

## All Traces of Scrofula

Eradicated from the System

By the greatest of all purifiers.

A common mistake in the treatment of scrofula has been the use of mercury and other mineral mixtures, the effect of which is to bottle up the impurities in the blood, and hide them from the surface.

The impurities and dangers are only added to in this way.

For more than fifty years S. S. S. has been the one recognized reliable blood remedy that has been used

with highly satisfactory results for Scrofula. Being made of the roots and herbs of the forest, it is guaranteed purely vegetable, and absolutely free from all mineral ingredients.

You can obtain S. S. S. from any drugstore. Our chief medical adviser is an expert on all blood disorders, and will cheerfully give you full advice as to the treatment of your own case. Address Swift Specific Co., Dept. F Atlanta, Ga.

## SOUTHERNERS ENTHUSED OVER BURLINGTON WAY

Rainbow Fleet Delegation Met By  
Thousands in Towns and Cities  
"Way" Is Marked From Minne-  
apolis Minn., to Corinth, Miss.

Carl H. Wener, president of the Burlington Way association, Her-  
man Weber and William Batz have  
returned to Jacksonville after a  
Journey which took them to the  
southern terminus of the Burling-  
ton Way. They were absent from  
Jacksonville two weeks and return  
home full of enthusiasm over the  
reception in the south. The trip  
was planned by Burlington Way of-  
ficers in order to attend the annual  
meeting of the Shiloh national park  
division at Jackson, Tenn., and to  
determine upon the route from  
Corinth, Miss., to New Orleans. As  
the result of the conference a route  
thru Meridian to New Orleans was  
chosen. One reason for the selection  
of that route was because it offers  
the advantages of at least 160 miles  
of splendid macadam road.

Good Roads in South.  
All of the northern visitors were

greatly surprised over the road  
conditions in the southern states,  
for in Tennessee, Mississippi, Ala-  
bama and New Orleans they found  
many roads improved in a way that  
really sets an example for Illinois.

The Burlington Way officials and  
those who accompanied them have  
traveled in the Comet Rainbow Fleet  
and the schedule as planned was  
carried out with only slight change.  
The cars in the fleet performed  
splendidly and the trip was free  
from tire and engine discomforts.  
Members of the party themselves  
were really surprised over the en-  
thusiasm shown by residents in the  
towns and cities thru which they  
passed. In every town and city there  
were delegations ready to receive  
the visitors and in some of the  
southern cities the interest was so  
great that there were assemblages  
of three or four thousand people.  
At Greenfield, Tenn., a display of  
forty wagons had been arranged,  
each one loaded with some product  
of Tennessee soil. Corinth, Miss.,  
was the southern terminus of the  
itinerary planned but when the  
matter of the route to New Orleans  
was under discussion officers of the  
association drove on to Columbus,  
Miss., to get some first hand facts  
about the roads. Altho the division  
from Cairo to Corinth was only  
fixed a year ago, a vast amount of  
work has been done and at least  
90 per cent of the roadway has been  
improved.

**Burlington Way All Marked**  
It is a fact worth knowing that  
the Burlington Way is now marked  
the entire distance from Minne-  
apolis, Minn., to Corinth, Miss.  
This means that every telegraph  
pole for the entire distance bears  
the yellow and white stripes which  
indicate the Burlington Way. The  
Illinois men were interested in com-  
paring the work done on the Burling-  
ton with the Dixie highway and  
some other trails, and found that  
the Burlington Way far surpasses  
the other trails in condition and in  
the work done.

Returning the party spent a day  
at Camp Taylor, Ky., and also visited  
the Mammoth Cave. Road condi-  
tions were good in Kentucky and  
Indiana but Saturday they left  
their cars at Alwood, near the Illi-  
nois line, because of muddy roads,  
and completed their journey by  
train.

### ANNOUNCEMENT.

I hereby announce myself as a  
candidate for county commissioner  
on the Democratic ticket at the elec-  
tion to be held November 6.  
David Wilson.

### WITH THE SICK

Miss Lizzie Delaney who recently  
submitted to an operation at Our  
Saviors hospital is recovering in a  
satisfactory manner and would be  
glad to have her friends call and see  
her.

Mr. and Mrs. Isaac Moxon have  
received word of the arrival of a  
daughter at the home of their  
daughter, Mrs. George Hart of New  
Berlin.

### OPPORTUNITY CLASS

**REORGANIZED.**  
The Opportunity Bible class of  
Grace M. E. church has been reor-  
ganized and Hon. John J. Reeve has  
been selected as teacher. The mem-  
bers of the class and the members of  
the Hanley-Fisher evangelistic party  
enjoyed a chicken dinner at the  
home of William Barbre, 561 Jordan  
street Friday evening and it was at  
this time that the reorganization of  
the class was effected.

### THE LIBERTY BOND

**SALE RECORD.**  
In a statement in Sunday's paper  
with reference to the liberty bond  
campaign in forty four counties of  
Illinois, it appeared that twenty six  
counties had failed to come up to  
the minimum allotment. The fact  
is that up until Saturday night only  
five counties had failed to reach the  
minimum allotment. Monday, ac-  
cording to a statement made by E.  
E. Crabtree, one of these counties  
reported its allotment placed and de-  
finite assurances were given from  
the other four counties that their al-  
lotments will certainly be sold before  
tomorrow night.

### LICENSED TO MARRY

Ralph C. Cowgur, Jacksonville;  
Florence A. Garvin, Jacksonville;  
John F. Schultis, Bluffs; Anna  
Schone, Arenzville.

### POST TOASTIES

## GAVE PRACTICAL TALK ON ADVERTISING

W. H. Richards Made Interesting  
Address to Audience at Chamber  
of Commerce Rooms Monday  
Night.

W. H. Richards of Baltimore, Md.,  
who makes a specialty of business  
building, gave a lecture Monday  
night at the Chamber of Commerce  
rooms on East State street. Mr.  
Richards appeared here by invitation  
of the Jacksonville Courier. His  
theme last night was "Pushing Busi-  
ness to Win" and he was heard by  
an interested audience.

Mr. Richards has devoted a great  
many years to special work of build-  
ing up business thru advertising and  
has worked in 133 cities. He came  
to Jacksonville with strong recom-  
mendations and the business men  
present found his suggestions very  
practical and helpful. Mr. Richards  
defines advertising in a very broad  
way and emphasized the idea that  
the purpose of advertising is not first  
of all to sell goods but rather to in-  
spire in the mind of one who reads  
the advertisement the desire to buy.  
He explained that advertising was by  
no means limited to the space that  
a merchant uses in newspapers or to  
billboards and signposts, but that ad-  
vertising includes the arrangement  
of stocks, the manner that the mer-  
chant and his clerks use in address-  
ing customers, and in fact all mat-  
ters that relate to salesmanship.

An advertisement to be effective  
must, first of all, attract attention.  
must create a desire to purchase,  
carry conviction and finally clinch  
the sale. Mr. Richards answered the  
argument sometimes made that ad-  
vertised goods cost the consumer  
more by mentioning articles adver-  
tised constantly thru many years  
which reach the consumer at less  
cost because of that advertising. The  
increased sales thru advertising has  
lowered production costs.

The lecture which is normally  
three hours in length, was boiled  
down to an hour's time and contain-  
ed facts and suggestions of interest  
and value.

### SOUTHWELL INQUEST HELD AT SPRINGFIELD

Remains Will be Taken to Winches-  
ter for Burial—High School Class  
Had Halloween Party—Other  
Winchester Notes.

Winchester, Ill., Oct. 29.—Charles  
Coutas, C. N. Danners, George Co-  
hagen and City Marshal John Drew  
left Monday for Springfield to be  
present at the coroner's inquest for  
the late Charles Southwell. As death  
occurred in Springfield, it was the  
duty of the Sangamon county cor-  
oner to hold the body until legal in-  
quiry as made into the cause of the  
death. The verdict of the jury will  
probably be merely legal form, in  
cordance with the facts of the case  
already published in the Journal.  
It is thought that those attending  
the hearing from Winchester will re-  
turn tonight or tomorrow morning  
and that the remains of the unfor-  
tunate man will accompany them.

Mr. and Mrs. T. D. Smith and the  
Misses Brengle were Jacksonville  
visitors Sunday.

Mrs. Henry Bates, little son and  
two grandchildren left Sunday morn-  
ing for Canton to visit relatives.

Mrs. Belle Dunham left Monday  
night to visit her son in Chicago.

The Sophomore class of the Win-  
chester High School enjoyed a  
halloween party at the home of one  
of their number, Paul Priest, son  
of Mr. and Mrs. Paul Priest, residing  
in the south part of town. The Priest  
home was prettily and appropri-  
ately decorated for the occasion, which  
proved one of much pleasure to all.  
Despite the inclement weather al-  
most all of the class of thirty were  
present. After an evening occupied  
with the usual halloween festivities,  
delicious refreshments were served.  
Rev. W. R. Johnson has been hold-  
ing a series of revival meetings at  
Aley the past two weeks.

Mr. and Mrs. Clarence Fox of  
White Hall visited in Winchester  
over Sunday at the home of Mrs.  
Fox's parents, Mr. and Mrs. Dan T.  
Smith.

**Snappy styles of OVER-  
COATS for snappy fellows, are shown  
by FRANK BYRNS' Hat Store.**

### BIRTH RECORD

Born to Mr. and Mrs. O. C. In-  
gram, 1536 South Main Street, at  
Our Saviors' hospital, Oct. 25, an  
eight pound daughter daughter  
Eloise Josephine.

Born Saturday to Mr. and Mrs.  
Terry Rousey of Murrayville, a son.  
A son also was born Sunday to  
Mr. and Mrs. Harry Luke of Murray-  
ville precinct. Mr. Luke was for a  
number of years turnkey at the Mor-  
gan county jail.

A son was born Sunday to Mr.  
and Mrs. S. W. Hidden of Murray-  
ville. Mr. Hidden is rural mail car-  
rier out of Murrayville.

**PLACED UNDER BOND.**  
John Wingler who was arrested  
a few days ago on a statutory  
charge was in Justice Dyer's court  
yesterday and was placed under bond  
in the sum of \$100 to await the ac-  
tion of the grand jury.

**REAL ESTATE TRANSFERS**  
J. W. Luttrell, master in chancery,  
to Eliza Luttrell, southeast quarter  
west half southwest quarter, 1-13-9,  
\$23,000.

T. B. Lewis to W. H. Waters, lot  
15 Markham's second addition to  
Chapin, \$1.  
Emma J. Sissons to Hugh Gwan-  
key, lot in Salters' addition to Wav-  
erly, \$550.

## DEATHS

Tomlin.

Death came Monday morning at  
12:30 o'clock to Mrs. Eliza Isabel  
Tomlin of 904 South Main street, one  
of Jacksonville's oldest and best  
known residents. The end came after  
a protracted illness.

Mrs. Tomlin was eighty-seven  
years of age and was born in Pitts-  
neck plantation, Accomack county,  
Virginia, March 14, 1831, the daugh-  
ter of Dr. and Mrs. H. H. Hall. When  
a child she came with her parents to  
Virginia, Ill., where the family home  
was for many years. Deceased was  
married to N. B. Newman in 1851.  
To them were born two daughter,  
Mrs. Harry Harris of Kansas City,  
Mo., and Mrs. Josephine Newman  
Smith of this city, both of whom  
survive their mother. Mr. Newman  
enlisted for service in the Civil war  
but lost his life in one of the engage-  
ments of that conflict. In 1865 the  
deceased was married to Jeremiah  
T. Tomlin, whose death occurred  
many years ago.

Mrs. Tomlin during her long and  
active life was identified with many  
worthy enterprises. This was espe-  
cially true of the industrial school,  
which was afterwards merged into  
the Woman's Christian association.  
Mrs. Tomlin served for many years,  
as secretary and treasurer of that  
organization and her work therein  
was of an especially valuable charac-  
ter.

She was the oldest member of  
Trinity Episcopal parish and for a  
long period was active in the work  
of the Woman's auxiliary. Mrs. Tom-  
lin represented the highest type of  
womanhood, and her personality was  
such that those who came in contact  
with her felt the influence of her  
character. Her home was one from  
which genuine hospitality radiated  
and her going will mean a distinct  
loss to the community.

No arrangements for the funeral  
have yet been made.

## FUNERALS

Bronson.

Funeral services for Thomas J.  
Bronson were held from the resi-  
dence, 231 Webster avenue Monday  
afternoon at 2:30 o'clock, in the  
presence of a large gathering of rel-  
atives and friends. Members of the  
Masonic fraternity attended the ser-  
vices in a body. Jacksonville lodge  
No. 570 A. F. and A. M. had charge  
of the services at the grave with  
Charles A. Rose, worshipful master  
and Julius G. Strawn, prelate. Hos-  
pitaler Commandery No. 31, Knights  
Templar, acted as escort. At the  
residence W. F. Widmayer read the  
service of the First Church of Christ,  
Scientist. There were many beau-  
tiful flowers, among them a cross  
from Unity Grove Camp No. 132, M.  
W. A. These were cared for by Miss  
Irene Sandberg, Mrs. William G.  
Goebel, Mrs. L. F. Randall, Miss  
Martha Greenleaf and Mrs. Caroline  
Milburn. Burial was in Diamond  
Grove cemetery the bearers being R.  
E. Buckthorpe, John S. Hackett, L.  
H. Clappitt, H. K. Snyder, H. D. At-  
kins and W. S. Badger.

### WOODSON

Mrs. Charles Kehl and children,  
Lucille, Orval and Bernice of Mexico,  
Mo., are visiting Mrs. Kehl's parents,  
Mr. and Mrs. George Staples.

J. C. Lonergan returned Monday  
from Camp Zachary Taylor, Ky.,  
where he went to visit his brother,  
William Lonergan. He also saw Morris  
Welch, Ollie Taylor and other  
boys from Woodson and vicinity and  
reports them enjoying good health  
and having a fine time.

William Mortin and son, Thom-  
as Lonergan and Howard Lonergan  
shipped several car loads of butcher  
stock from Clements to the East St.  
Louis market yesterday.

### FORMER RESIDENT INJURED.

G. W. Arnold, formerly of this  
city, but now a resident of Rood-  
house was badly injured in an auto-  
mobile accident near Glasgow last  
Thursday morning. Mr. Arnold is  
employed by H. C. Worcester and  
company of Roodhouse and was on  
his way to Glasgow to put in a fur-  
nace when the accident happened.  
One of the front wheels of the Ford  
car broke and the car turned over.

Mr. Arnold's left hip was disloca-  
ted, he was injured about the head  
and face, and also suffered a great  
deal from shock. Mr. Truman Ad-  
mire, who was driving the car suffer-  
ed a broken collar bone and two  
broken ribs. Mr. Arnold was in the  
employ of Brady Bros. while resid-  
ing in Jacksonville. Mrs. George  
Corbridge, Jr., of this city, a daugh-  
ter of Mr. Arnold, was called to  
Roodhouse to help take care of her  
father. Mr. and Mrs. Fred Tendick,  
Mr. and Mrs. D. C. Arnold and  
George Corbridge and son Ralph  
motored to Roodhouse Sunday in  
Mr. Tendick's car to visit Mr. Ar-  
nold. While the injured man is still  
in a great deal of pain, yet it is be-  
lieved that he is getting along as  
well as could be expected.

### COLLEGE Y. W. C. A. MET.

The Illinois College Y. W. C. A.  
held the recognition meeting for the  
new members of the organization  
Monday afternoon. The association  
is beginning a banner year. Every  
girl in college with the exception  
of six, is a member. Mrs. Mary  
Turner Carriel gave her impressions  
of the association and how it was  
carrying out the ideas of the Yale  
band. The afternoon proved one of  
much pleasure and benefit to all.

### BUSINESS GIRLS' LUNCHEON AND LECTURE

This evening at six at Grace  
church there is to be a lunch given  
the lady clerks and employees of the  
city at which time Miss Robertson  
is to deliver an address on "The New  
Freedom."

### WILL GO TO SEDALIA.

Miss Helen Wood, assistant cash-  
ier at the Hopper shoe store, has  
resigned and will leave next Thurs-  
day to accept a position offered her  
at Sedalia, Mo.

## E. A. NIXON ON WAY TO VISIT SON ABROAD

Story is That St. Louisan is Taking  
Large Sum of Reward Money for  
American Gunners Who Have  
Sunk German Submarines.

The St. Louis Republic in a recent  
issue had a story about the reported  
departure of E. A. Nixon to the base  
of the U. S. Navy in British waters  
for a visit with his son, Lieut. War-  
ren C. Nixon, now commanding an  
American destroyer. All the facts  
about Mr. Nixon's journey abroad  
cannot be made public but it is un-  
derstood that he is going at this  
time for the special purpose of per-  
sonally delivering to his son a large  
sum of money for distribution among  
American gunners.

At the beginning of the war Mr.  
Nixon wrote his son that he would  
pay \$1,000 to every gunner who  
sunk a German submarine. For sev-  
eral months after Lieut. Nixon was  
sent to British waters a cablegram  
came each week to Mr. Nixon telling  
of his safety. But for six weeks  
past no word had been received and  
naturally both Mr. and Mrs. Nixon  
were vastly worried as to the where-  
abouts and safety of their son. A  
few days ago came a cablegram from  
Lieut. Nixon asking that a substan-  
tial sum of money be sent to him.  
This could mean only that American  
gunners had proof that they were  
entitled to the reward he offered.  
Mrs. Nixon will make no statement  
for publication and Mr. Nixon's at-  
torney, Frank H. Sullivan, was asked  
information about the trip but  
nothing other than the facts narrat-  
ed could be made public.

### LIBERTY LOAN BONDS

On Weekly Payments.  
The Farmers State Bank and  
Trust Company.

### PERMITS REQUIRED FOR USE OF EXPLOSIVES.

Beginning November 15, persons  
in any way handling explosives or  
explosive ingredients will have to  
receive a license to do so from the  
federal government in order to abide  
by a recent law passed by congress.  
The licenses can be obtained from  
the county clerk or any persons he  
may authorize to issue to them. The  
law does not apply to cartridges and  
shot gun shells, these coming un-  
der the caption of small arms ammu-  
nition which is exempt from the pro-  
visions of the law. Educators, any-  
lists, wholesale and retail dealers  
over the nation must be licensed be-  
fore they can give away or sell the  
explosives.

### CLEAN YOUR GUTTERS AND VALLEYS

The leaves from the numerous  
trees in the city are falling and  
they are clogging the roofs of  
houses finding lodging in gutters  
and valleys and endangering things  
to no small extent. Every person  
owning or occupying a home with  
trees in the yard should see to this  
important matter.

### NOTICE.

There will be a meeting of the  
local fire insurance agents in the  
basement of the Ayers National  
Bank Building at two this afternoon  
(Oct. 30). All local agents are in-  
vited to be present.  
L. S. Donne, Secy.

### LARGE ATTENDANCE AT CONVENTION

Rev. Myron L. Pontius who is at-  
tending the international convention  
of missionary societies of the Dis-  
ciple of the Church of Christ at  
Kansas City has sent a card to the  
Journal. He said there were present  
12,000 on Friday evening when for-  
mer Governor Hanley of Indiana gave  
an address. There was a choir of  
1,000 members. Mr. Pontius said it  
was expected that 20,000 would be  
present at communion services Sun-  
day morning. He and Mrs. Pontius  
are enjoying the convention greatly.  
The sessions will close Wednesday.

### CHILDREN TO MAKE POSTERS

The publicity chairman of the wo-  
men's registration board has asked  
that the school pupils make posters  
calling attention to and advertising  
the subject of women registration,  
and the pupils of the sixth and sev-  
enth grades have undertaken to sup-  
ply 300. They will be more or less  
ornamental and will be under the su-  
pervision of Miss Sibert.

### BARBERS STRIKE

Rockford, Ill., Oct. 29.—Practi-  
cally all of the union barbers of the  
city were on strike for a few hours  
today. The shops were reopened  
when the boss barbers agreed to  
grant the demands of the men for  
one week, pending arbitration. The  
union barbers ask for a guarantee of  
\$15 a week and 65 per cent of all  
their receipts over \$20. The present  
scale guarantees \$14 a week and fifty  
percent of all over \$20, but most of  
the shops guarantee \$15. The price  
of a haircut is now 40 cents and a  
shave 20 cents.

### MORE MONEY TO ALLIES

Washington, Oct. 29.—Another  
advance of \$25,000,000 was made to-  
day by the government to Great  
Britain, bringing the total loaned to  
that country thus far up to \$1,400,-  
000,000 and the total to all the Al-  
lies \$2,851,400,000.

### U. S. AVIATOR COMMENDED

Paris, Oct. 29.—Sergeant Paul  
Pavelka of Madison, Conn., formerly  
a member of the Lafayette Squadron,  
and now flying with the French in  
Serbia, has been commended in army  
orders, for great activity in num-  
erous air duels, frequently returning  
to his base with his machine riddled  
by bullets.

### FOOTBALL PLAYER SUSTAINS INJURY.

Trinidad, Colo., Oct. 29.—Elvin  
Anderson, a member of the Trinidad  
high school football team, is in a  
critical condition tonight at a hos-  
pital here as the result of an injury  
sustained during the football game  
at Lamar, Colo., last Saturday. An-  
derson, attempting to tackle a run-  
ner fell and fractured his spine. He  
was brought here and operated on  
but little hope for recovery is enter-  
tained.

### WELL KNOWN CLERGYMAN DEAD.

Ottawa, Ill., Oct. 29.—The Rev.  
M. A. Quirk, pastor of St. Patrick's  
church and a well known Catholic  
clergyman, died today in a hospital  
at Peoria. He will be buried in  
Peoria Wednesday morning with  
Bishop Dunne officiating at the fun-  
eral.

### SAFE CONDUCT GRANTED

Washington, Oct. 29.—Safe con-  
duct for Count Von Luxburg has  
been granted by the French and Brit-  
ish governments and the former di-  
plomatic representatives to Argen-  
tina will sail for Germany by way of  
New York very soon.  
The Argentine government re-  
quested this country to make these  
arrangements.

### MUCH SNOWFALL IN NORTH

Green Bay, Wis., Oct. 29.—All of  
the Northern Wisconsin and the Up-  
per Pennsular district of Michigan is  
blanketed with snow this morning,  
according to reports received here.  
Snow in Green Bay is four inches  
deep. The temperature dropped to  
28 here last night.

## FIFTY MEMBERS OF THE SANITARY TRAIN

ASSIGNED TO THE VETERINARY SERVICE AND FIFTY TO THE DIVISION HOSPITAL

**A Mild Epidemic of Measles and Pneumonia—Lloyd Spires Recovering from Pneumonia—The Camp Post Sends a Song About a Letter From Home.**

(By Staff Correspondent.)  
Camp Taylor, Ky., Oct. 29.—The week just beginning bids fair to be a big one for the 39th Sanitary Train, in which the selective service men from Morgan, Pike, Calhoun, Green and Jersey counties are located. It will mark a new step in the training of these men for the national army.

The last quota from Illinois is expected to arrive early this week, and the ranks of the Sanitary Train will then be completely filled. The complete organization of this branch will be effected with the coming of the last quota. The assignment of eight medical officers to the 39th Sanitary Train a few days ago brings the commanding personnel up to full strength. The eight officers are:

Captain Ralph T. Shipley, M. R. C., Field Hospital No. 4.  
First Lieut. David C. Byrne, M. R. C., Field Hospital No. 2.

First Lieut. M. P. Badger, Field Hospital No. 3.

First Lieut. Cameron E. Lane, D. R. C., Ambulance Hdqts. Co.

First Lieut. A. L. Linquist, M. R. C., Ambulance Co. No. 3.

First Lieut. Otis Martin, Ambulance Co. No. 3.

First Lieut. R. W. Denman, M. R. C., Ambulance Co. No. 4.

First Lieut. Clyde M. Zink, M. R. C., Ambulance Co. No. 2.

The ambulance companies already have begun drilling in formations with their ambulances. Enough horses and mules are now broke and trained to permit the drivers of the horse drawn ambulances to drill also. Infantry drill will now make way for the more specialized work of the sanitary corps. Lectures on anatomy and first aid will be increased and stretcher bearing and medical treatment will be added.

Most of the Morgan county men are in the ambulance companies. They will now begin to learn how to handle the ambulance in the field, how to place the stretchers, laden with wounded, in these vehicles of mercy, and how to treat wounds while the ambulance is lying from the battlefield to the field hospitals.

Fifty members of the Sanitary Train have been detached from their companies and transferred to the veterinary service of the Remount depot. Most of them have had considerable experience in handling horses. The Remount Depot is a great camp in itself. It has stables for 10,000 horses, a horse hospital and a riding school. Horses for many branches of the service and for other divisions than the one stationed here at Camp Taylor, will be

supplied by this depot. The men transferred will learn all it is necessary to know about an army horse. Many of these are Morgan county boys. Others come from the various counties making up the Sanitary Train. The list includes the following:

Ambulance Co. No. 333—Barber, E. O.; Bishop, B. R.; Brittenham, R. R.; Curry, A. E.; Duvendack, R. O.; Ferreira, H. C.; Foster, J. C.; Koacher, N.; Hart, J. C.; Harris, G. B.; Hoffmeier, L. J.; Maupin, S. M.; Rantz, F. R.; Strawn, R. E.; Walk, G. D.; Wells, L. E.

Ambulance Co. No. 334—Albin, Chester C.; Ashford, Raymond; Bunzie, Joseph; Crawford, Joseph G.; Daniel, Sylvan R.; Defosia, LeRoy; Dunsing, William C.

Ambulance Co. No. 335—Brown, Ire Ray; Hill, Chas. Marshall; Hill, Kline; Kennedy, Merle; Myers, Homer C.; Schemel, Frank; Edward, Steele; George Raymond; Worthen, Floyd C.; Zimmerman, Earl Glenn; Lindsay, Carl C.; Lawrence, Fred; Brantner, Frank O.; Carpenter, Nathan J.; Cunningham, Clarence; Green, Paul M.; Henry, Ernest M.; Holt, David; Hyde, Earl T.; Miller, Henry; Whistler, Everett; Bell, James; Daniels, Louis W.; Fitzgibbons, John E.; Lawrence, Walter W.; Novotny, Frank; Rearden, Raymond W.; Slaten, Edward E.

Members of the Sanitary Train, like other soldiers here, will probably get their turn soon at digging trenches. Of course, the hospital and ambulance men will have little use for this knowledge in battle, as they are not what is known as combat men. But, nevertheless, it may some time occur that they will be needed at this work of "ditch digging," and to guard against all contingencies they too will get a bit of this training. The names of those who will be detailed to this work have not yet been given out.

Aliens, including those who have taken out their first papers, are still being transferred from the regiments of which they have been attached to the Seventh Provisional Training Battalion of the 159th Depot Brigade. An order issued today transfers the following men from the Sanitary Train to the training battalion:

John Mitskus, Walter MacCurdy, Richard Wilding, Louis Loizzi and Peter Roussin.

In compliance with the suggestion of Maj. Gen. Harry C. Hale, thousands of soldiers attended church services in Louisville Sunday. Following President Wilson's proclamation calling on the people to unite in prayer for the armies of the United States, Gen. Hale requested all the officers and men of his command to go to some place of worship. The general and his own staff attended Christ Church cathedral where they heard Bishop Woodcock deliver a patriotic sermon.

Five French and five British officers will arrive at Camp Taylor within a week to take up their duties in giving specialized instruction to the men here on some of the new arts of war developed on the European continent. It was also announced that Lieut. Col. Paul Azan of the French army, has been ap-

pointed inspector for the Northwest department, in which Camp Taylor is located. He will visit the camp from time to time and will have charge of all foreign officers.

A two-story frame building erected just south of the division headquarters will house the foreign officers. Steam heat, mess arrangements and sleeping quarters for ten officers have been prepared.

A mild epidemic of measles and pneumonia has broken out in camp. Twenty-eight cases of pneumonia have been registered at the base hospital. More than half the 336th Infantry, a Kentucky regiment in which the Louisville draft men are located, has been quarantined because of measles. A Battery of the 327th Field Artillery, composed of Central Illinois men, has been quarantined because of mumps. The men quarantined are denied passes to the city and are confined within a prescribed area in the vicinity of their barracks.

Many close friendships will be broken up when the men move to the Louisville draft men are located, has been quarantined because of mumps. The men quarantined are denied passes to the city and are confined within a prescribed area in the vicinity of their barracks.

Maj. Gen. Hale is to appoint a board to try reserve officers who do not meet the standard of efficiency set for Camp Taylor. Officers rejected either for inefficiency or misconduct will be sent home and placed on the inactive list until they are called to some other duty. At present there are 1,200 reserve officers here. So far as is known not a single reserve officer has been reported for inefficiency or misconduct.

The Illinois men here are looking forward with great pleasure to the coming of Governor Frank O. Lowden of Illinois, who has announced he will be here the first week in November.

With the enormous growth in the amount of supplies needed for a modern army comes the necessity for trained supply officers. To meet this need Maj. Gen. Harry C. Hale, commanding the 84th Division, has established what is known as the Supply School of the 84th Division. The object of the school is to instruct regimental and battalion supply officers and their supply sergeants in the science of ordering, buying, and distributing supplies for the commands to which they are assigned.

Every regiment has an officer whose duty it is to obtain and issue all supplies used in the regiment, such as clothing, rifles, food, coal, mess kits, cots, comforts and the many articles which are absolutely necessary for the subsistence of an army. This work has become of such magnitude that only trained men can be used.

Each regimental supply officer has under him a number of supply sergeants who assist in various branches of the supply department. One sergeant has charge of issuing clothing, another of arms and ammunition, and a third of stoves and other hardware. The supply officer, who is usually a captain, orders all these supplies from the quartermaster or

from civil merchants. It is his duty to see that the regiment is supplied with all it needs.

In the 327th Field Artillery, Captain Fitzpatrick is the supply officer. He has had 20 years experience in the Regular Army, having seen service in the Philippine Island, in Mexico and many other places abroad where American forces have campaigned. If there is anything in the way of supplies that Captain Fitzpatrick cannot get, it is something that cannot be purchased for love, money or threats.

One of his assistants is Harry Reiger of Springfield, who has charge of the issuing of clothing. He is one of the three supply sergeants of the regiment.

The sergeants from each regiment will attend the school and such enlisted men as will be needed in the supply work of the commands. The work of this school will be in addition to their duties in supplying their organizations and accounting for the supplies.

Monday, Tuesday, Thursday, and Friday will be school days unless a holiday falls on any one of them. The course will cover a period of two months. The first session is to be held at 8 a. m., November 1. All supply officers will attend the morning sessions. The non-commissioned supply sergeants will attend the afternoon session.

A certificate of proficiency will be given each student who completes the course satisfactorily.

A division signal school also is to be established December 3. The course planned is the longest of any of the division schools, lasting four months. The staff of the school will consist of a director of telegraphy and a director of telephony in addition to the school commandant. Officers and enlisted men will learn signaling as employed in modern warfare. Telegraph operators, telephone repair men and all others whose civil occupations have given them training in various means of communication will supply the students of this school.

The Secretary of War has directed that no uniforms be issued to drafted men and that none of them should be deprived of their citizens clothes for Belgian relief until it is certain they have been accepted into service. Some men rejected for physical disability had given up their civilian clothing for the Belgians and when rejected they had no clothes to wear back home.

Drafted men when they passed the physical examinations given them upon entering the National Army here were not accepted as permanently fit. They must live up to the standards of cleanliness and healthfulness of the army. Twice each month in this division every man is examined. Every day a medical inspector makes the rounds of every barracks to see that there are no disease breeding conditions. The health of the division is scrupulously watched.

The Soldiers' Club, located in a four story building in downtown Louisville is to open Wednesday. The Committee on Clubs of the War Recreation commission is responsible for the club. It will be open at all times. Pool tables, bowling alleys, showers, cards, athletic sports, reading rooms, newspapers from every county from which the draft men come, a cafeteria, pianos, phonographs and enjoyment of every kind will be offered to the men.

The War Department has ordered that no cameras are to be allowed within Camp Zachary Taylor at any time and no pictures may be made except by persons who have special permission from the War Department. The military police have orders to confiscate all cameras found. This will disappoint many of the soldiers who have greatly enjoyed taking pictures of their comrades and scenes about the camp.

Telegraphers are needed in every branch of the service at Camp Taylor. They are taken from the ranks of the draft men, and up to date there are not enough to supply the need. O. L. Reid, superintendent of Louisville public school, has made arrangements to give a free course in telegraphy to those desiring it. The government furnishes the instruments. Expert photographers also are needed in the signal battalion, which will make a photographic history of the war.

County Clerk P. S. Ray of Louisville has received a letter from Arch C. Smith, county clerk of Edwards county, Illinois, asking his assistance in arranging to have the drafted men from Edwards county vote in the November election. Smith asked Ray to see that the ballots are properly distributed among the Illinois soldiers.

A large number of medical and dental students, who were drafted, are being given their discharges provided they enlist in the medical officers reserve and return to continue their studies in college. The War Department can call on them at any time for service.

Deserters from the National Army and those who are absent without leave must bear the expenses of apprehending them, according to an order just issued. A man is not a deserter until after he has been absent without leave for a period of 10 days.

There is now an immense laundry, erected by a Louisville laundry company, within the camp, where most of the soldiers' laundry is done.

The 39th Sanitary Train, composed of the men from Morgan, Green, Scott, Calhoun and Jersey counties, boasts of having among its membership the man who posed for the new buffalo nickel. He is R. G. Harper, a youth with a great deal of Mohawk blood in his veins, who enlisted in the 325th Ambulance corps which was sent here from Omaha, Neb.

Harper was selected as a typical representative of the Indian race when plans for the "Buffalo Nickel" were made, and his profile was reproduced on all the five cent pieces. H. E. Fraser, a well-known sculptor, was the man who reproduced Harper's face.

Harper, because of his Indian features, posed for many famous sculptors, until his entrance into the army.

Commanding generals of the sixteen National Army cantonments, it is reported, are to visit Camp Taylor in the near future. Gen. Hale has just returned from a visit to the army camp at Chillicothe, O., where his life long friend, Maj. Gen. Edward F. Glenn is located. It is probable Gen. Glenn will soon repay the visit.

Fifty additional men of the 39th Sanitary Train have been transferred to the Division Hospital to assist in the care of the greatly increased number of patients due to measles and mumps. The Morgan county men who were transferred are: W. W. Carter, John Herfford, Homer Baptist, Frank Menezes, George Willoughby, Taylor Alderson, Howard Houser, William Ridder, Harold Gillham, Emory Newby. They were all members of the 336th Ambulance company.

Private Reagel of Waverly has moved to his quarters to the Division Signal corps, where he will be employed as a telephone repair man. The various ambulance companies of the 39th Sanitary Train are being divided up into three sections each, the ambulance section, the litter bearers' section and the dressing station section. In the 336th Ambulance company the ambulance section has been separated from the other two sections and assigned to an annex building in the rear of the company's barracks. The men thus transferred are William Lomergan, Maurice F. Walsh, William E. Rogers and Oliver Taylor, all of Morgan county.

David Welch of Pike county suffered the fracture of his right leg when a horse he was riding fell on him. In company with other men from the Sanitary Train he was riding a horse from the remount station to the Sanitary Train stables. The pavement was very slippery and the horse slipped and fell, his full weight coming down on Welch's leg. The injury is a Potts fracture, two bones near the ankle being broken. He is in the base hospital.

George Hull, Virden Smith, David Neece, Frank Trew and Benjamin Hornbeck of Pike county have been transferred to the base hospital.

Merle Kennedy of Pike county has been rejected because of a catarrhal affection of the head. Lloyd Spires of Jacksonville, who is ill in the hospital with pneumonia, is improving.

As in other branches of the service the boys of the sanitary department must do their porter work and general cleaning up about the barracks, which is called police work. The men on police detail the past week were Frederick Denning, Samuel Richards, William Eads, W. A. Lomergan, Francis Purcell, Harry Salby, Joseph Briggs, Claude Cline, Cicero Ignazio, Charles David, Richards and Eads were on stable police and had to clean the horse bars.

The men on guard duty were Fred German, William Rogers, Harold Stewart, Earl Sturdy, Maurice Walsh, Charles Wegehoff, Russell Miller, Milton Nail and Ernest Alford.

Another lot of Radolite military wrist watches just arrived. Get yours now. Bassett's Jewelry Store.

MEATLESS DAY BEGINS TODAY

All of the local hotels and restaurants will today inaugurate the meatless day in compliance with the request of Herbert Hoover, United States Food Commissioner. According to the schedule adopted by the local hotels and restaurants, Tuesday will be meatless day, Wednesday will be wheatless day, and Thursday will be wheatless day. The custom will prevail throughout the entire country.

Coover & Shreve gave a guarantee with the last 50 boxes of Mo-na stomach tablets they sold and have not had a single customer report dissatisfaction. Ask to see their guarantee.—Adv.

Mrs. R. D. Omer and Mrs. F. M. Roberts have returned to their home in Chapin after several days spent in Chicago.

TERRIBLY SICK WOMAN

Surgical Operation Thought Necessary, but Lydia E. Pinkham's Vegetable Compound Saved Her.

Madison, Wis.—"I was a terribly sick woman for over three years. I suffered with terrible pains in my back and was about to have an operation when a friend said to me, 'Before having that operation try Lydia E. Pinkham's Vegetable Compound.' So I let the operation wait, and my husband bought me the Vegetable Compound and it has made me a well woman and we have a lovely baby girl. We cannot praise Lydia E. Pinkham's Vegetable Compound enough, and I hope this letter will lead other suffering women to try it."—Mrs. BENJAMIN F. BLAKE, R.F.D. No. 5, Box 22, Madison, Wis.

There must be more than a hundred thousand women in this country who, like Mrs. Blake, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

All women are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

## HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours

Your cold will break and all grippes misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up. Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

## A CREAMY LOTION MADE WITH LEMONS

Prepare a quarter pint at about the cost of a small jar of common cold cream.

When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands, it naturally should help to whiten, clear, smoothen and beautify. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.—Adv.

## 10 CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't Stay Constipated, Headachy, Bilious, With Breath Bad or Stomach Sour

No odds how bad your liver, stomach or bowels; how much your headaches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, heavy stomach, bad cold, offensive breath and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.—Adv.

## With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.—Adv.

## FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make it Thick, Wavy and Beautiful—Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scuff.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—now hair—growing all over the scalp.—Adv.

## APPEAL TO CIVIC PRIDE TO MAKE WOMEN SHOP AT HOME.

Merchants of Berlin, Wis., Point Out That by Patronizing Local Merchants, Citizens Benefit Themselves and the City.

Under the heading, "To the Women of Our City," 16 retail merchants of Berlin, Wis., have published a display advertisement admonishing the women to "buy at home" for the mutual benefit of the community, the merchant and themselves. The advertisement says in part:

"From time to time many of the women of our city journey to other nearby cities on visits—and while there they thoughtlessly make purchases that rightfully should be made at home—and could be made here equally as well.

"How much each year do these out of town firms contribute to the support of Berlin institutions?

"Do they contribute one cent toward the education of our children? Do they help to maintain our fire and police departments, which afford protection to our families and our homes? Do these out of town firms contribute one cent toward the paving and upkeep of the streets of our city; the roads of our county, and our public thoroughfares?

"How much interest do these out of town houses take in the upbuilding and support of our churches and charitable institutions?

"In spending your money outside of Berlin for goods that may be purchased here, has it ever occurred to you that you are retarding the growth of your own city that perhaps you are working against the interests of your own husband, brother, father or friend?

"Women of Berlin, you have shown your civic pride in many ways heretofore. Will you not weigh this one question—carefully and devote a part of your time, energy and influence toward rectifying the evils of out of town buying?

"Spend your money in your own town and you will find that it will come back to all of us in one way or another. Our merchants will be able to carry bigger and better stocks—more people will be employed—Berlin will grow.

"Buy in Berlin."

The names of 16 leading retailers are appended.

## JACKSONVILLE BUTCHER REJOICES OVER WIFE'S RECOVERY

"My wife suffered for five years and practically lived on toast and hot water. Doctors said she would have to be operated for gall stones. A lady advised her to try May's Wonderful Remedy and after taking 4 bottles over two years ago, she has been entirely well ever since. It is a simple, harmless preparation that removes catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Adv.

## LOCAL MEN IN EXCITING SHAM BATTLE

Latest War Tactics Used—Splendid Drill for the Men Engaged.

Fort Leavenworth, Kansas, Oct. 29, 1917.—One of the most realistic battles of modern warfare which will be witnessed by Americans, took place on a hill and surrounding fields adjoining Merritt Lake at Fort Leavenworth, Kans. The battle was witnessed by about 25,000 people from nearby cities. The battle was between the 7th U. S. Engineers (of which Ordral P. Fox and Marcus E. Smith are members) and the Officers Reserve Corps of about 800 men. The first signs of battle were the reports of the signal corps by wireless of the advancing troops. This was immediately followed by signal rockets both from land and aeroplane scouts. The Engineers advanced across Merritt Lake in pontoon boats under heavy artillery and barrage fire. The ambulance motor companies were always in action carrying wounded from the field. The defending army kept the air filled with illuminating bombs which made the night like day so they could see the enemy. The Engineers entrenched themselves after which they soon received reinforcements from across the lake. Upon the safe arrival of the troops they went over the top and rushed the entrenched officers who retreated and left the field and victory to the Engineers.

This battle was staged as part of the Leavenworth Fall festival and to give the people some idea of modern warfare and the way it is carried on. The crowd was so interested that they stood fast in a drizzling rain until the band played the "Star Spangled Banner" after the fight.

## NOTICE OF EXAMINATION

Examination for teachers' certificates will be held in the office of the county superintendent, Thursday and Friday, November 8th and 9th. All persons expecting to take the examination are required to file application blanks. Saturday, Nov. 3rd will be the day for filling and filing blanks. For further information call on or write H. H. Vasconcellos, county superintendent of schools.

## Never Put a Croupy Child to Bed Without Giving a Dose of

### Foley's Honey and Tar

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases the difficult breathing, then quiet sleep.

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a very severe attack of croup. We know from experience that it is a wonderful remedy for coughs, colds, croup, whooping cough."

City Drug Store,  
J. A. Obermeyer

### Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, fever, pimples, rash, blackheads, and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

The E. W. Ross Co., Cleveland, O.

## For a Corn-Peeling Picnic, Use "Gets-It"

Pain Eases at Once, Corn Just Dies!

Do your corn-picking easily, with a smile—the banana-peel way. That's the "Gets-It" way—the only way—your corn or callus comes off complete as though it were glad to get off.

"Gets-It" has cured more corns than all other remedies combined. It's as sure as the sunrise, and as safe as water. Used by millions. Don't take a chance with your feet. You can't afford to experiment with unknown mixtures when you know "Gets-It" never fails.

"Gets-It" will remove any corn or callus. Wear those new, stylish shoes or pumps if you want to—go ahead and dance. Demand "Gets-It"—throw substitutes back on the counter! 25c is all you need pay at any drug store, or will be sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store, J. A. Obermeyer & Son, and Coover & Shreve.—Adv.

## PIKE COUNTY MAN WRITES INTERESTING LETTER

C. C. Battershell Who is With the French Army Writes to Sister—Tells of Devastation of German Shells—Churches Destroyed but Saloons Escape.

Paris, France, Sept. 11, 1917.  
Mrs. Lella Bolin,  
Milton, Ill.

Dear Sis: We are still "in repos" and as time hangs a little heavy and doesn't "fugit" very much, the least I can do is to write often enough to give you an idea of what we are doing.

The Boche aviators are still very much on the job but as the moonlight nights will be over in a short time I am looking forward to a few nights of undisturbed sleep. A few days ago I visited Blank, a town of about 12,000 population that's far enough back of the line that the civilians haven't been evacuated. On the two nights previous to my visit the aviators had dropped about 75 high explosive bombs in the place. Only eight people killed, due to the fact that the motors of the aeroplanes can be heard some time before the aeroplane is over head. Most of the people get into the cellars, and while the bombs are very destructive they have very little penetrating force, so where the houses may be literally blown from over his head the man in the cellar is comparatively safe.

The effect of a bomb dropped on a house varies with the kind of house it is and the way the bomb hits it. After one hits a frame house about all that is left for the owner to do is to gather his house up in a basket and pile it up for kindling wood, but a stone house after being hit presents more the appearance of an exaggerated house cleaning. A lodge hall after a joint meeting of the "Knights of Columbus" and the "A. P. A.'s." I could think of nothing more stimulating to the plate glass industry than a bombing raid because the stores for blocks presented a solid front of broken glass windows.

You may call it an act of Providence or anything you like but they invariably hit the church and you will find in 90 per cent of the cases that the saloons are untouched and doing if anything a little better business than usual for there are a great many shattered nerves to be braced up.

Since this service is to be taken over by the American army I have been making a sort of an inventory of the things that have become a sort of second nature that were unknown to us when we came over. Aside from a general idea of how our branch of the work is handled, there are numberless little things that a fellow comes to regard as part of the day's work, the greatest perhaps being a kind of sixth sense, for working ones way down a crowded road at night making the best possible time with the least damage to the car. One becomes so accustomed to driving without lights that often when back from the lines

This is the  
Stove Polish  
YOU  
Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk  
Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on stoves and sold by hardware and grocery dealers.

All we ask is a trial. Send for your trial. Your trial shows you the best. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—one quality.

Black Silk Stove Polish Works

Sterling, Illinois

Use Black Silk Air-Breathing Enamel on the Black Silk Metal Polish for silver, nickel or brass. It has not just for nickel automobiles.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

where lights are permitted a fellow does not take the trouble to turn them on. One will unconsciously memorize a road after a couple of trips over it in daylight until at night he can remember most of the bumps and turns and sort of feel his locations even in the dark.

Another thing that it pays to bear in mind is that the Germans have the range of almost every cross road within shell range and that a shell striking the hard surface of the road sends its "eclats" (splinters) flying in every direction while one landing in soft ground will explode a little below the surface and is smothered to some extent by the dirt most of the eclats going straight up. I know of instances where men have been killed a hundred yards away from a 77-m. that struck a hard surface, and this is the smallest bore used by the field artillery, hence it is very essential to avoid getting tied up in a congestion of traffic or to wait very long at a cross road, or to stop to look at the scenery near a bridge or a stretch of road that Fritz seems to be particularly fond of "straffing."

It is surprising how quickly one's ear becomes trained to the sound of an "arrive" (shell coming) until he can give a pretty accurate estimate of the size of the shell and can tell when it is coming near enough to make it wise to get down. It is rather embarrassing to drop flat on your face in the mud, only to hear the shell go on over to some point far in the rear, thereby furnishing quite a bit of amusement to whatever French soldiers happen to be standing near to see you get up and start brushing off this mud. At first I used to avoid this by keeping an eye on the Frenchmen and when I saw one lie down, I promptly followed suit.

There has been considerable argument as to whether a fellow is able to hear the shell that hits him, the theory being that the shell travels faster than the sound, but while luckily I have never been hit I have had them land near enough on several occasions to disprove that theory to my own satisfaction. I can at least rest assured that a man that has received a direct hit will never come back to contradict me on this earth.

Then there is the timing of the periods of shelling for as a rule Fritz is very methodical in this matter. For instance on our last trip up the place where our cars were stationed was shelled nightly at two hour intervals. That is the place would be shelled for 15 or 20 minutes at 8 p. m., again at 10, 12, etc., so by keeping track of this when a call comes in for a car about the time for the shelling to start, by keeping the driver in the abri (dug out) until after that little session was over he was saved quite a bit of needless risk. This can only be applied to bombarded positions however, for they shell the roads without very much discrimination as to time.

Another very useful bit of practical training we received is to be able to distinguish the loud boom of a high explosive shell from the dull thud of an exploding gas shell. They both make the same shriek coming in but when they explode with a sort of a disappointing thump, your canny driver will make haste to strap his gas mask about his head where it can be jerked down over his face when he first notices a funny smell in the air. About the most essential thing for one to remember when working in gas is to keep cool. The mass of a fellow does not get excited and exert himself too much, but they were not made to be worn during very severe exercise and if a fellow tries to do too much he will soon find himself becoming winded.

If the gas is very thick one must pay attention to his motor for while Henry F. doubtless foreseen a great many difficulties when he built the Ford he could hardly be expected to construct a carburetor to use poison gas instead of air and the motor will sometimes stall so it is wise to race the motor rather than throttle down.

If I don't come home I may go to an officers school next month and while they may teach me to shoulder arms and forward march, there are a great many things we will only learn in this "baptism du feu" (baptism in fire) as the French call the initial trip under fire.

Doubtless to some people, that picture a soldier with his bayonet dripping German gore, piloting a Ford may seem to be rather a prosaic occupation but when we are working there are usually enough thrills to make the work interesting. Its the waiting "en repos" in some little village that's hard. "They also serve who only stand and wait" may sound very romantic but its there that the "carford" (French for the blue devils) gets in its work. When a fellow has time to sit around after a breakfast of coffee and army bread and think about how good the bacon and eggs used to taste back home, to wonder what good shows are running, how the old crowd is enjoying the bathing, etc., he often gets to thinking that the whole war could go hang if he could get home for a couple of days.

I am becoming reconciled to having an orderly and after becoming a little better acquainted with Mague I find that he is quite a philosopher in his way of thinking. He has been in the first day and was transferred to the automobile service after he was wounded twice in the leg while in the infantry. He has some peculiar ideas about religion that is doubtless typical of a great many French soldiers. He says that this life is only a short passage in the general scheme of things and that if he thought the war was going to last another three years he would try to get into the infantry again and kill a few more Boche then perhaps get killed himself and be out of it for good. I asked him if he did not pray a little bit that night last month when an eclat knocked half the radiator off his car while he was

driving and he said that in as much as it was not God that sent the shell he derived an infinitely greater satisfaction in wishing he could get his hands on the "ecclat" (rig) that fired the shot. I wrote you of the serious time we had when the new section went under fire—three cars wrecked by shells and seventeen men temporarily laid out from the gas.

This section has been out such a short time that our lines of communication as regards magazines, etc., are not very well established but the few we get are eagerly perused from the beautiful female aviator or the sylph like nymph clad in a soldier uniform, that adorns the front cover to the man jumping a fence or playing base ball in Blanks elastic underwear on the back. From the look of things America is taking an interest in the war at least from an advertisers point of view. I never before realized how futile it was for a soldier to go into battle without first shaving himself with an "Al-ways handy" safety razor, cleaning his teeth with "So and So's" tooth paste, and smoking a pipeful of "Pinet, agut in the wood" tobacco.

On the other hand I judge from my personal correspondence that since the farmer was exempted from the draft there has been a pronounced "back to the soil" movement and that there is a regular epidemic of all the ills to which the human flesh is heir. Oh well, there are times when I too would like to be home doing my bit by raising \$2.50 wheat and \$2 corn. I can easily understand how a fellow could sing "We'll Rally Round the Flag Boys," while he is digging potatoes out of a hill to sell for four bucks a bushel to feed the brave soldiers, with a lot more enthusiasm than while he was digging a hole in a muddy trench to hide his head from a Boche shell.

In spite of all this I know there will be enough representative Americans come over here to make Kaiser Bill wish he had never been afflicted with such a degenerated imp of Hell as the Crown Prince to nag the old man into starting this argument. If I don't come home for a visit this fall I'll come home and bring all my arms and legs when the war is over.

Lovingly your brother,

C. C. Battershell,  
Commandant Adjutant,

"TO THE FOLKS BACK HOME."  
(Composed by J. H. Richards, Q. M. C., U. S. N. A., Camp Taylor, Ky.)

There is many a lad in Camp tonight  
With a heart that is all but light,  
For the folks at home have grown  
Careless,  
Have neglected or ceased to write.

Just look at the man that receives  
his mail,  
See the look in his eye, and that grin  
For he is the one who surely knows  
The folks back home are loyal to him.

And so dear bunch, since I must go  
Thru this awful thick and thin  
The farther away from dear friends  
one goes  
The closer they are to him.

But rest assured there's one Sammy  
tonight  
Who is not downcast and blue  
For no matter how far from home  
I go,  
There'll be room in my heart for you.

There are many sad hearts in this  
old world,  
But the saddest by far, I fear,  
Is the soldier lad when the mail's  
called out  
Who can't joyfully answer "here!"

## RED CROSS KNITTING.

The Knitting Committee of the Jacksonville Chapter, Red Cross, makes the following announcements of interest to local knitters.

All yarn taken out prior to October first is now due. All persons having such yarn are asked to complete the articles at once and return them to the Red Cross shop as quickly as possible. Shipments must be made every week or ten days in order that these warm garments may be available as soon as finished to the boys who are now suffering from the cold.

All yarn taken out from the Red Cross shop must be returned to the Red Cross shop in the shape of finished garments. In no case can other yarns be substituted for it. All those charged with yarn will be called by telephone. Yarn bought outside cannot be exchanged for Red Cross yarn at the shop. Red Cross yarn is bought for one purpose only—the making of warm, useful garments for our boys—given freely to all who will knit for our Chapter, and sent in, when knitted up, to Central Division Headquarters, Chicago, there to be distributed first to boys going to France and second to those in cantonments.

The Knitting committee is glad to note the steady improvement in work sent in. Many beautiful sweaters and socks have been recently turned in. The committee emphasizes again the necessity of all work being cast on and bound off loosely—particularly wristlets and sweaters. Socks must measure a full 10 1-2 or better, 11, 11 1-2, or 12 inches in the foot. If they are to pass, socks must be made according to the Red Cross directions. Knitted loosely, having no knots or seams, and finished, preferably, with the Kitchener toe.

The Knitting Committee is grateful to all those who are knitting daily in the house and thus helping push our garments to the front, to

# Save The Extra Coal Or Gas You Use On Washday

Wash with Fels-Naptha and boiling water becomes unnecessary.

There is no need of a hot fire to keep water boiling all day when you can get even better results by using Fels-Naptha in water that's comfortable to your hands.

Washday used to burn a big hole in the coal bin. Try the Fels-Naptha way and you will quickly notice what a real saving it makes for you.

Because, Fels-Naptha not only saves heating expense, it saves time, it saves clothes, it saves you.

FELS-NAPHA

Remember Red and Green Wrapper

Your own grocer has Fels-Naptha

To keep white clothes white—use Fels-Naptha

# Overworked Women must learn not to neglect their health

How Women are Restored to Health

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McABER, 122 Dewey Ave., Spartanburg, S. C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'BRYEN, 1755 Newport Ave., Chicago, Ill.

YOU CAN RELY UPON

# LYDIA E. PINKHAM'S VEGETABLE COMPOUND

all those who are helping at the shop and to our efficient book-keeper, Miss Engel, who has volunteered a definite amount of time each day to the work.

Charles P. Nicholson of Roadhouse was a traveler to the city yesterday.

## Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2½ ounces of Pinex (60 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for 2½ ounces of Pinex with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

## TRUE AMERICANISM CRYING NEED OF HOUR

Evangelist Hanley Preached Powerful Sermon to Men and Boys Sunday Night—Pleads for Service to Country—Tells Auditors That Man Owe Duty to Children—Slackers Scored as Menace to Country.

My country and my flag are greater than any political party. If Illinois has a new constitution may prohibition be it. You may belong to a dozen churches but that will not save your boy.

The church is not to be condemned because of inconsistent members; every lodge has them yet lodges are all right.

The great need is for men ready to meet God.

Put in the Y. M. C. A. and kick out the saloon.

Jonah was the first minister to refuse a city appointment.

If we have power to conscript men to fight our battles we should have power to conscript money to pay the bills.

I would like to see LaFollette, Bill Thompson and Gurnshoe, Bill set down in Germany for five years.

A government has no right to exist except for the welfare of the governed.

God will not give victory to Old Glory 'till we put down liquor.

Sunday night at Grace church was surely a hard place for the slacker and runaway man owing to the tremendous blows delivered against him by Dr. Hanley. There wasn't a peg left for the lazy man to stand on while the mirror was relentlessly held up to the face of the hypocrite, the indifferent, the shirker of duty and all who fail to get right with God and they were shown in their true light.

Dr. Hanley said he couldn't help feeling depressed when they called the brave boys of this country now under fire but it was unavoidable and we should stand firmly by President Wilson and the government and see the dreadful conflict thru to the bitter end. Singing by the male quartet, the chorus and the audience and whistling by Fred Darr was inspiring and at the close a number went forward and signified a desire to lead a better life.

Dr. Hanley dealt liberally in hand shaking as a means of grace and it was very pleasant. Of his address a short outline is given:

## HOLIDAY PREPAREDNESS

It may seem a little early to talk about Christmas, but we have been busy preparing for it for several months.

Holiday Goods are arriving daily, all this year's goods, for it is our policy never to carry over any holiday goods from one year to the next. In assembling and pricing these goods, we are going to keep in mind the idea that it is being done so that your holiday shopping this year may prove pleasant and economical.

Remember the fact that gift goods for soldiers must be shipped early.

JOHN CARL

The Hatter  
Jacksonville Shining

Parlor

36 North Side Square

"I wish the government supported the army Y. M. C. A. for it is a noble institution and the saving of our war for it conserves the vitality, physical and mental, of all who come under its beneficial influence. Put in the 'Y' and kick out the saloon and you will accomplish a grand work. I have known great, husky men to be so homesick they would actually cry; it is these and others the Y. M. C. A. cares for.

"Far too many boys go to the war clean and sober and come back polluted and addicted to drink. Don't run away from duty. God told Jonah to go into Nineveh and instead he ran away to Tarshish, or tried to, the first preacher known to refuse a city appointment. All should take a part in winning this war. If the government has the right to conscript men to fight our battles it ought to have power to conscript money to pay the bills. If every Old Glory needed true men it is now and there is no place in our land for a slacker.

"Last summer I wrote to Col. Roosevelt regarding the war and he replied that it actually broke his heart to see how little people realized the danger democracy is in at the present time. There is no greater privilege today than that of being able to fight for the country's flag.

"I would like to see LaFollette, Bill Thompson, Gurnshoe and that Minnesota man dropped into Germany and compelled to stay there five years. Kaiser William says he regards socialism as the greatest menace and he would relentlessly stamp it out. If he wins the men who talk of him as LaFollette and company talk of President Wilson would be lined up against a wall and shot. A government has no right to exist except for the benefit of the governed.

"Liquor has no right to live and thrive on the mahood of the nation. God will not grant victory to Old Glory 'till we put down the drink evil. The country is greater than any political party and I have no use for any party that doesn't stand by the flag. If I had the power I would take the right to vote from lots of men who are not entitled to it and give it to the mothers who should have it. There are lots of men who say ministers should stick to the gospel and not have anything to say about temperance, graft and public corruption. I say a minister should fight evil wherever he finds it. One of my members once told me he thought my work was done and I would better resign. He said I had preached a sermon that had raised the dickens; an attack on the city council for permitting violation of the laws. If Illinois has a new constitution I pray God it may have prohibition in it.

"A man without a temper and passion is worthless; the man who has these and controls them is the full man. He that ruleth his spirit is greater than he that taketh a city." We hear a great deal about eugenics in all educational centers. It is said that a red headed man should not marry a black haired woman but I can see no harm in it unless they are afraid of brindle children. The drunkard and the gambler are among the worse run-downs and when a man once goes to ruin he ruins others as well.

"Beware of the plain looking man with latent power. I once was a famous runner and could distance almost any man on a mile stretch. I was booked for a great race and came on the track with my athletic uniform, what there was of it, and people pointed to me in awe and admiration. I saw beside me at the starting point a Missourian in bare feet and cut short overalls and heartily. I disdained him. The race started; at the quarter stretch he was at my back; at the half stretch he was right behind me at my heels and when the goal was reached he was the winner.

"If a father lets his boy grow up without telling him the facts of life he is doing wrong. Do not think you can square your conscience with God simply by joining the church. You may belong to a dozen but that will not save your boy nor should you condemn the church on account of its bad members; there is not a lodge or order of any kind which is free from inconsistent members yet we know they are of immense benefit to mankind.

"The great cry today is for men ready to meet God with a clear conscience and good record. Make God first in life if you would attain your highest good. We need men big enough to stand up bravely able to meet their maker. The greatest and grandest thing in this world is service.

"In the terrible battle on San Juan hill there was a net work of wires to be cut with 160 men I plunged into the vortex of death to do the work. Into the hell fire we plunged, the wires were cut, the work done and the bleeding remnants of sixty returned while I lay wounded with my life blood fast ebbing away. I had a chum as brave a man as ever lived and he went from officer to officer begging for the privilege of going to my rescue but they refused saying it was madness to attempt it.

"There I lay, the shriek of shells and the carnage of bullets all about me with death stalking amid the harvest he was reaping. Refused by all in command at last my chum threw down his gun and hastened to

## A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

my side. All about him whistled the bullets of the enemy; his right arm was disabled but he reached my side and with his good left arm tenderly raised me and started back. Again and again was he struck but he staggered to our line and dropped exhausted. We were both taken to the hospital and when I received attention I asked for my chum and was carried to his side. He had but a short time to live and as I took his hand he said feebly, "Goodbye; tell father I did the best I could for he flag"; that man died for me and so did the Savior die for all of us and we should accept the ransom He paid and give Him our hearts, and yet how many are ashamed to acknowledge Him".

## WATER SURVEY MEN WILL VISIT CITY TODAY

Engineers Coming to Inspect Investigation work at North Side Station—Street Obstructions Discussed in Council Session.

At the city council session Monday morning Mr. Vasconcellos reported that representatives of the state water survey will be in Jacksonville to inspect the work in sinking wells in progress north of the city. This report was about the only important matter mentioned at the city council session. It is understood that M. C. Sjoblom, assistant engineer of the state department of health, and G. C. Habermeyer, engineer for state water survey, will come to Jacksonville for this inspection work. The work of drilling test wells at the north side pumping station and in some territory both north and east of the station was undertaken several months ago under the direction of the joint committee made up of the city commissioners and an equal number of citizens, and is under the supervision of the water survey. It is proposed from the investigation made to determine whether or not it will be feasible for the city to plan extensive water supply improvements in the vicinity of the north side station, with the expectation of securing all of the city supply there.

While no formal report has been made on the progress of the tests, it is understood there have not been satisfactory results from deep boring. In several of the wells a good flow of water has been secured at the same depth as the wells now in use.

Mr. Cox mentioned some clean-up work in progress on the city streets and referred to the manner in which some work had been done for the Jacksonville Railway & Light Co. on South Main street near Morton avenue. He said unless earth placed there by the railway company was removed it would be certain to cause water to back up in the cellars of some adjoining property.

Mr. Vasconcellos referred to some obstruction on Church street near Court street, resulting from work done by Contractor Bretz, and suggested that this material should be removed as the Church street pavement will not be done this winter.

**Street Conditions.**  
Mr. Martin said that because of the street conditions that there would be some difficulty in getting to certain parts of the city with fire apparatus and said in case of any bad fire that the apparatus would be sent over the newly laid pavement foundations if that seemed necessary. With reference to fire possibilities on West State street, because of the material piled in some cross streets Mr. Martin said there would be further difficulty in sending apparatus. Mayor Rodgers suggested that it would be wise in case of a State street fire to send one of the trucks by the Lafayette avenue route and the other by West College avenue, so that whichever approach to the scene of the fire was better could be utilized.

Mr. Widmayer and all other members of the council were of the opinion that some street clean-up work would be necessary and should be done before severe winter weather comes, and the best if the situation. The special cause for delay on some West State street work is the inability of the railway company to secure the copper wire connections for the rails. Meanwhile everything possible will be done to make the streets passable and to keep them in a state condition during the months until spring.

**FOR COUNTY COMMISSIONER**  
Republican Candidate, Fred J. Schofield, election Nov. 6.

## RETURNS FROM LONG VISIT.

E. C. Lambert has returned to Jacksonville after an extended stay in Minneapolis at the home of his son, Laing Lambert, who holds a responsible position there in the management of a public utility plant. Mr. Lambert spent nearly eight months in Minneapolis and thoroughly enjoyed his stay in the northwest, and returns to Jacksonville much improved in health.

## PATRIOTIC MEETING AT ALEXANDER

The good people of Alexander have asked for a patriotic meeting and will be accommodated Thursday night with a fine program. The Methodist church will be held in the Methodist church and the pastor, Rev. Mr. Bether, will preside and lead in the patriotic singing. John Butler of this city will make the principal address. Mrs. Ben Lorton will explain the Red Cross work and show samples of articles wanted to be made and Miss Elson Barnes will speak on the subject of women registration.

## BOARDS, BOARDS, BOARDS.

I will sell several Duroc Jersey boars on the annual church sale in Concord next Wednesday, Oct. 31. These boars are of excellent quality and the best of breeding. Paper delivered with each hog when settlement is made.

Earl Abernathy.

## EPISCOPALIANS PLAN CLERGY ANNUITY

Bishop Lawrence Begins Task of Raising Annuity for Retired Clergy—Purposes to Raise Fund of \$5,000—Each Church Asked to Contribute Seven and One-half Per Cent of Pastor's Salary.

In the early part of last year Bishop Lawrence, bishop of the diocese of the Episcopal church in Massachusetts conceived the idea of an annuity and life insurance for the clergy and brought the matter before the authorities and they as well as others rather smiled at the idea of raising five million dollars for the purpose, while fully admitting its desirability. However, the bishop who had had experience in raising three million for Harvard university and two million for Wellesley college when the buildings were burned, was determined to make the attempt which few thought would succeed.

The diocese gave him a vacation of a year and he at once consulted the actuaries of the New York Life, the Equitable and Prudential life insurance companies and Mr. Sayre, with the Carnegie pension fund. He went at the work in a business like and systematic manner. First he said that all such efforts are crippled by the large expense connected with raising the money so he subscribed \$150,000 for that purpose so that any person making a donation would know that 100 per cent of it went to the fund.

The good bishop, known as a broad churchman, went to work while the incredulous looked on with doubt and distrust. Before long a million was announced but they said that came easily from the wealthy in the city of New York; then two million was told and on it went till in the early part of this year the five million goal was reached and still the money poured in till now the sum stands just a trifle short of ten million dollars, which sum will undoubtedly be reached.

Mr. Sayre has resigned from the Carnegie fund and will devote himself to this. Each church is asked to contribute regularly seven and a half per cent of the pastor's salary and the whole matter will be handled on strictly old line life insurance company principles and methods. A minister dying will leave his family provided for and at 68 he may retire and receive his annuity which is rated according to certain rules, \$600 being the minimum paid and \$2,000 the maximum yearly.

The Presbyterian church is at work to raise ten millions and the Methodist church has set a twenty million mark, while the Congregational church has undertaken five millions for a similar purpose. The worth of such a movement cannot be over estimated. Ministers are well nigh debarrd from saving much of their incomes. They cannot well invest in a home for their life is migratory while their expenses are necessarily greater than those of other callings. They are among the best equipped and poorest paid of any class of people in the land and are rightly entitled to an old age pension.

## NOTICE TO FARMERS

We will be in the market Monday, Tuesday and Wednesday for cider apples and hand picked bulk apples. Call W. S. Cannon Produce company for prices.

## ANOTHER ACCIDENT ON MORTON ROAD

Springfield Man Has Narrow Escape Monday When Ford Car Overturned.

J. M. Dwyer of Springfield had a narrow escape from death Monday afternoon when, coming in from his home city over the Morton road, the Ford which he was driving became unmanageable and crashed into the ditch. The car overturned and, fortunately, Mr. Dwyer was thrown almost clear of it, the edge of the framework of the car just catching his ankles. He was somewhat shaken up but easily freed himself from the car and was able to walk into town, where Howard Zahn was notified and sent a man out after the car. The Ford was badly damaged, one wheel being broken and the steering gear badly bent. Mr. Dwyer is with Wemple Bros., of Springfield, who handle the Smith Ford-A-Truck in that territory, and was coming to Jacksonville on a business trip. He said that it seemed peculiar that after he had safely negotiated about thirty miles of mud between this city and Springfield, that when he reached the hard paved roadway to have an accident happen. As near as he could explain the accident, it seemed that the steering gear locked in some manner and he was unable to guide the car straight. The wheels suddenly cramped to the right and the car was driven into the ditch. His left hand was slightly bruised, other than this Mr. Dwyer was practically unharmed.

## NOTICE TO FARMERS

We will be in the market Monday, Tuesday and Wednesday for cider apples and hand picked bulk apples. Call W. S. Cannon Produce company for prices.

Mr. and Mrs. Amos Cox of Barry were week end guests of Mr. and Mrs. Charles Burrows of 1100 Hardin avenue. Mr. and Mrs. Burrows and their guests enjoyed Sunday dinner with Mrs. John Leach, south of the city. Mr. Cox returned home Monday but his wife went to Sinclair for a visit with relatives.

## WELDER IS HERE

The welding machine for which the Jacksonville Railway has been waiting in order to complete its work in West State street arrived in the city Monday. It is expected that it will be in use within a few days.

## NEIGHBORHOOD MEETINGS

The service begins at 9:30 a. m., lasts one-half hour and will be held as follows:

**Group A.**  
Rev. W. E. Spoons, superintendent.  
District No. 1—Mrs. J. E. Stice, captain. Home of Mrs. Leslie, 331 East State street. Leader, Mrs. Murock.

District No. 2—Mrs. Frank Vieira, captain. Home of Mrs. John Taylor, 328 East Independence avenue. Leader, Mrs. Sarah Hill.

District No. 3—Mrs. A. Van Wormer, captain. Will meet with No. 2.  
District No. 4—Miss Flossie Kellogg, captain. Home of Miss Eunice Kelly, 624 Hooker street. Leader, Miss Kellogg.

**Group B.**  
Rev. J. O. Kirkpatrick, superintendent.  
District No. 5—Mrs. W. H. Cocking, captain. Home of Mrs. W. C. Ledford, 402 North Fayette street. Leader, Miss Ary Vaughn.

District No. 6—Mrs. A. F. Kinner, captain. Mrs. Charles Hopper, assistant. Home of Mrs. A. E. Williamson, 206 Caldwell street. Leader, Mrs. Burd. Also at home of Mrs. Minnie Fernandes, 604 North Diamond street. Leader, Mrs. M. D. Fernandes.

District No. 7—Mrs. John R. Davis, captain. Home of Mrs. Harvey Atkins, 225 Webster avenue. Leader, Mrs. J. O. Kirkpatrick.

District No. 8—Mrs. J. T. Smith, captain. No report.

District No. 9—Mrs. A. J. Ogram, captain. Home of Mrs. R. A. Gates, 1036 West Lafayette avenue. Leader, Mrs. Woodman.

**Group C.**  
Rev. W. W. Theobald, superintendent.  
District No. 10—Mrs. T. H. Rapp, captain. Home of Mrs. Weber, 426 South Main street. Leader, Mrs. Rapp.

District No. 11—Mrs. T. B. Reeve, captain. Home of Mrs. French Wyatt, 1221 South East street. Leader, J. T. Scott.

District No. 12—Mrs. J. W. Brown, captain. Home of Mrs. G. T. Wetzel, 511 East College avenue. Leader, T. B. Fozzard.

District No. 13—Mrs. J. S. Findlay, captain. No report.

District No. 14—Miss Mary Jones, captain. Home of Mrs. Thomas Fletcher, 324 Pennsylvania avenue, South Jacksonville. Leader, Miss Blanch Jones.

**Group D.**  
Rev. E. B. Landis, superintendent.  
District No. 15—Mrs. David Reid, captain. Home of Mrs. William Floreth, 523 West College avenue. Leader, J. S. Findley.

District No. 16—Miss Nellie Cunningham, captain. Home of Mrs. H. H. Potter, 112 Park street. Leader, Rev. J. O. Kirkpatrick.

District No. 17—Mrs. J. F. Berry, captain. Home of Mrs. Mary Turner Carrell, 1152 West College avenue. Leader, Mrs. R. E. Wilson.

District No. 18—Mrs. William McCurley, captain. Home of Mrs. J. R. Kirkman, 126 West Morton avenue. Leader, Rev. W. R. Leslie.

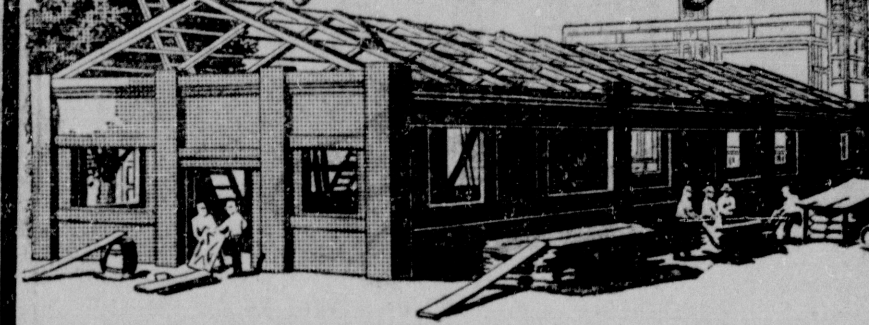

District No. 19—Mrs. William Miller, captain. Old People's Home, 873 Grove street. Leader, Rev. E. B. Landis.

**FURS REMODELED**  
WE REMODEL YOUR FUR COATS, CAPES AND MUFFS INTO THE LATEST SHAPES AND STYLES. ALSO PLUSH COATS REMODELED.  
H. J. & L. M. SMITH

## REVIVAL AT LITERBERRY BEGINS TONIGHT.

Revival services will begin at Literberry Christian church this evening and will continue several weeks. The services will be in charge of the Rev. Mr. Hill of Decatur who will be assisted by his wife who also is ordained to preach.

## Don't put on the roof until you investigate

It is poor economy to save money by substituting something inferior but wouldn't you like to save on cost if you could get something better? You can get a better roof for less money if you put on

## Certain-teed Roofing

Before its merits were recognized, roll roofing was regarded as a more or less temporary roof—but now CERTAIN-TEED has demonstrated that it is not only a most durable roof, but also the most efficient roof.

It is economical to buy, inexpensive to lay and costs practically nothing to maintain. It is light weight, clean, sanitary, fire-retardant and weather-tight.

It is now used as the preferable type of roof for office buildings, factories, hotels, stores, warehouses, garages, farm buildings etc., where durability is demanded. CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply).

There are many roll roofings on the market, but only one CERTAIN-TEED. It pays to get the best. It costs no more to lay a CERTAIN-TEED roof than it does to lay a poor roof, but there is a vast difference in the wear. You can't tell the quality of a roofing by looks or feel. Your only safety is the label. Be sure that it is CERTAIN-TEED—then you are certain of quality and guaranteed satisfaction.

**Certain-teed Slate-Surfaced Asphalt Shingles** are supplanting wood and slate shingles for residences. They cost less, are just as good looking, wear better, won't fall off, buckle or split. They are fire-retardant, and do not have to be painted or stained.

**Certain-teed Paints and Varnishes** are the best quality paint materials, ground and mixed with mechanical accuracy. Made for all uses and in all colors. With paint, as with roofing, the name CERTAIN-TEED is a guarantee of quality and satisfaction.

**CERTAIN-TEED PRODUCTS CORPORATION**  
New York, Chicago, Philadelphia, St. Louis, Boston, Cleveland, Pittsburgh, Detroit, Buffalo, San Francisco, Milwaukee, Cincinnati, New Orleans, Los Angeles, Minneapolis, Kansas City, Seattle, Indianapolis, Atlanta, Memphis, Richmond, Grand Rapids, Nashville, Salt Lake City, Des Moines, Houston, Duluth, London, Sydney, Havana.

Rubber Footwear of all kinds

### REGULATIONS WILL NOT AFFECT PRESENT QUOTA

Entire First Quota to be Chosen Under Regulations Now in Force—Pension Claim Rulings.

A telegram from Adjutant General Dickson, received at the local exemption board office yesterday, states that the proposed change in the regulations involving classification of registrants, will not be effective before the present quota is in camp. The entire first quota will be chosen under the regulations now in force, as the new regulations are as yet in tentative form and will not be retroactive. The board is instructed that it is inadvisable to answer questions concerning the new classifications or to construe or interpret them at this time.

#### Regarding Pension Claims.

Another telegram received by the board Monday is of some local interest as it deals with the pension claims to be allowed. The provisions made for the family allowance, allotments, compensation and insurance for the military and naval forces of the U. S. are as follows:

"Section Two Hundred one provides for allotments of pay of every enlisted man, compulsory as to wife (divorced wife in certain cases) compulsory as to child, voluntarily as to other persons, monthly compulsory allotment shall be in amount equal to family allowances herein-after specified but not more than one half pay, or less than fifteen dollars. The enlisted men may allot any portion or amount of his pay in addition to the compulsory allotment for such purposes and persons as he may direct, subject to regulations. The secretary of war may require that any portion of one half pay which is not allotted shall be deposited in the military pay deposit fund for the benefit of the man. Compulsory allotment may be waived on written consent of wife supported by evidence of her ability to support herself and children. Compulsory allotment may be excused for good cause shown.

"Two. A family allowance not to exceed fifty dollars per month, in addition to pay allotted by the man shall be paid out of the treasury of the United States. Such family allowance shall be paid upon application, which may be made by the man, or made by or in behalf of the beneficiary. No family allowance shall be paid for any period preceding November one, nineteen seventeen. Family allowance will be paid from time of enlistment.

"Three. Beneficiaries entitled to family allowance and schedules. Class A. Wife, child or children; a. If there be a wife but no children, fifteen dollars. b. If there be a wife and one child twenty five dollars. c. If there be a wife and two children, thirty two dollars and fifty cents and five dollars per month additional for each additional child. d. If there be no wife but one child five dollars. e. If there be no wife but two children twelve dollars and fifty cents. f. If there be no wife but three children twenty dollars. g. If there be no wife but four children thirty dollars with five dollars per month addition for each additional child. Class B. Grandchild, parent, brother or sister; a. If there be one parent ten dollars. b. If there be two parents twenty dollars. c. For each grandchild, brother, sister and additional parent five dollars. The act contains further provisions relative to contributions from the government and allotments from enlisted men's pay which are too long and involved to be set forth in this telegram. Compensation for death or disability is also provided for.

"Four. This brief resume of the outstanding provisions of the act is transmitted to you in order that you may be officially advised that the government has made certain provisions for dependents of men in the military and naval service. In order to avoid confusion, it is suggested that the boards in your state be merely informed of the general provisions of this act as indicated herein, withholding any definite action on specific cases until copies of the act are placed in their hands. Copies of the act have been mailed to your headquarters for distribution to all boards. Any correspondence on or further information relative to the provisions of this act should be had with the "bureau of war risk insurance, division of military and naval insurance, treasury department, Washington, D. C."

Dickson, Adjutant General.

### A PRETTY LINE OF NEW BLOUSES JUST RECEIVED AT HERMAN'S.

#### MOUNTED POLICE.

All Members of Old Company B to Ride Horseback if They Can.

Camp Logan, Texas, Oct. 27, 1917.—Among the changes caused by the distribution of Co. B, Russell, McConnell has been appointed clerk of Co. B, 124th Machine Gun Battalion, an organization of 250 men. This office carries with it the rank of Corporal. Russell is well fitted for his new work, having been assistant in the clerical department of old Co. B and later in the statistical department of the Division Headquarters. You should see Lieuts. Hale and Dickson mounted on their horses. Eventually we will all be mounted, and I don't think that one in ten of our men ever rode to amount to anything before. There's some fun in store for us, you see. George Vasconcellos, as a mess sergeant, rides a mule.

#### Y. M. C. A. MEETING AT ZION CHURCH

An army Y. M. C. A. meeting of Markham precinct will be held at Mt. Zion church Thursday evening at 7:30. Speakers John J. Reeve and Mr. Findley of the Y. M. C. A. Every member of Markham precinct is urged to be present.

### JACKSONVILLE ELKS PLAN FOR ANNUAL SHOW

Have Arranged for the Jollies of 1918—The Performances Will be Given November 26-7—Sixty-five People in Cast—William Benson, Chairman of Committee on Arrangements.

At a recent meeting of Jacksonville Lodge No. 682 B. P. O. E. preliminary steps were taken for the annual show of the order. The production will be known as the Elks Jollies of 1918 and will be under the direction of the Joe Bren Producing company of Chicago.

The date of the performances has been set for Monday and Tuesday, November 26 and 27. Sixty-five people will be in the cast and those who have seen the book and music of the 1918 Jollies pronounce it even better than those of past years. Many of the old favorites and some new ones will be in the cast.

The following committee has been appointed and will have charge of the arrangements for the lodge. William G. Benson, chairman. Ellis Henderson, Harry V. Osborne, Robert Boyd, Paul Samuel and J. P. Obermeyer.

Military wrist watches from \$4.50 to \$15.00. Get yours while they last.

### MISSIONARY CIRCLE IN INTERESTING MEETING

Literberry Missionary Circle Met with Mrs. M. M. Crum—Program of Merit Given.

Literberry, Oct. 29.—The missionary circle met Friday afternoon with Mrs. M. M. Crum. After the devotional and business sessions were over, we heard a report by Mrs. J. E. Underbrink of the Waverly association on the "Women's Work in the Baptist Church." Reading on foreign work were given by Mrs. C. A. Beavers, Mrs. D. K. McCarty and Miss Annabel Crum. Mrs. Underbrink had charge of the study book, which is "The African Trail," and entertained the members by her splendid reading of the opening chapter.

Mrs. Warren Daniels led the meeting. Refreshments were served during the afternoon and an offering of three dollars and sixty cents was taken. Eight members were present. The circle decided to make an open meeting of the next month's meeting, each member inviting two friends to attend. There will be a program and refreshments. This meeting will be at the church on the last Friday of November.

We want to thank the young men of Literberry and surrounding neighborhood for the proof of our assertion that the young men were the moneyed men of today. They certainly proved us, or our prophecy, last Saturday night at the box social when the bidding commenced. Our young men stepped to the front and took all the good boxes from the middle aged and old men. They were certainly profuse with their money, but they knew it was going for, or to, a good purpose, and of course that made a difference. We are glad to be able to say that we have few slackers in and around Literberry.

Mr. Byron Morris of Nardin, Okla., a nephew of J. A. Liter, arrived in our village one day last week. Mr. Morris is a young farmer and hearing of the big corn crop in Morgan county packed his grip and came over to have a hand in the harvesting. This young man is to be commended for his industry.

### GOV. CAPPER DECRIES ACTION TAKEN ON WHEAT

Kansas Governor Declares Farmers of His State Have Lost Millions Without Aiding Consumers.

Topeka, Kan., Oct. 29.—Declaring that \$50,000,000 was taken out of the pockets of the Kansas farmers in twenty-four hours, when the government fixed the price of the 1917 wheat crop, Gov. Capper, in a letter to Food Administrator Hoover, made public today, declares that "the sacrifice apparently been made in vain," because "the millers, the bakers and the retailers have not reduced their prices accordingly, and they show no disposition to reduce them."

"The farmer," the letter continues, "who still is paying as much or more for his flour and everything he buys, is losing confidence in the power of the government to enforce a square deal, and the general effect of the situation as it stands is deplorable. There can be no defense of a system that takes profit away from the producer through the government authority and yet fails to give the consumer the benefit of that saving."

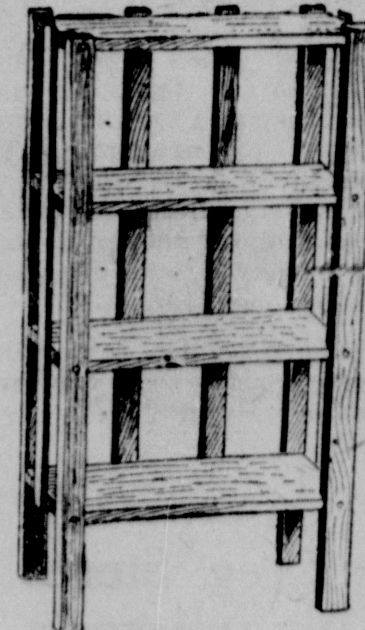

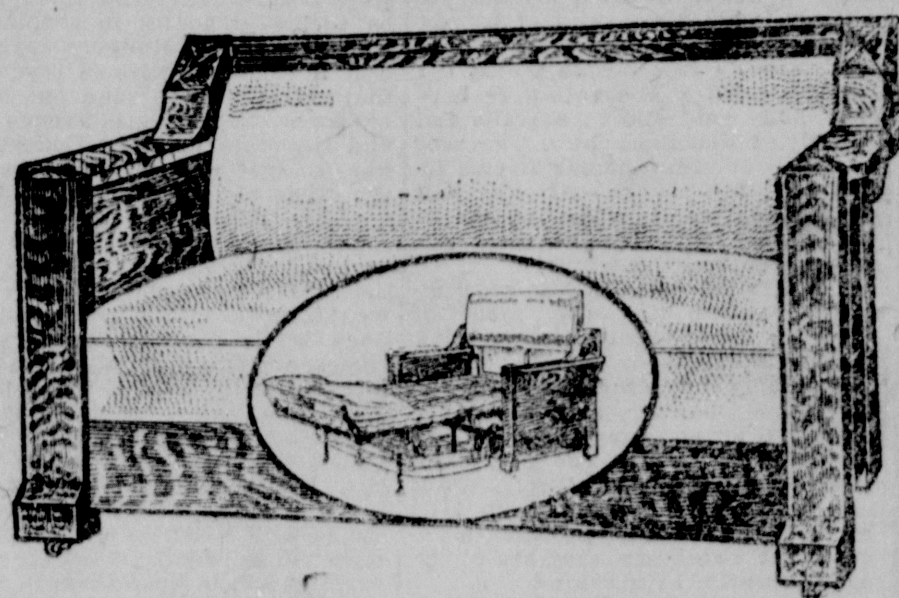

Sharp practices are being perpetrated on the wheat growers, the governor charges.

Declaring that the millers are making a profit of \$2.25 a barrel above what formerly was considered a fine profit.

Mr. and Mrs. Anderson Taylor of Kansas City are visiting Mr. Taylor's brothers, William and George Taylor on Carter street. Mr. and Mrs. Taylor are staying at the home of his niece, Mrs. D. L. McCarthy on North Main street. Mr. Taylor was formerly a resident of Jacksonville but left here thirty seven years ago and has since resided in Kansas City. This is his second visit to Jacksonville since he left here.

### CITY OF WHITE HALL FACES WATER FAMINE

Break in Pumping Machinery Leaves City Without Water—Supplies for Factories and Service Company Being Hauled from Roodhouse—Bond Issue for Improving Water Plant Decried.

White Hall, Oct. 29.—The city of White Hall is facing a water famine as the result of a breakdown in the water plant. Water is being hauled from Roodhouse to supply the big sewer pipe factory, the public service company and for fire protection.

That the situation is a serious one is shown from the fact that word has been received from the factory to which an order was sent for the parts to repair the break in the machinery that it will be several days before they can be shipped. In the meantime the city is at the mercy of fire.

Last summer an effort was made by the city council to secure a bond issue for the purpose of improving the water system and installing electrically driven pumps. The voters defeated the issue and yesterday the mayor in a public statement said that the city council did not purpose to assume the blame in the present crisis.

After the defeat of the bond issue it is said the city entered into a contract with the Central Illinois Public Service company to furnish power for pumping the water supply. However, nothing has been done toward carrying out the contract and the situation that now confronts the city is the result.

It is estimated that the consumption of water in White Hall is between three and four hundred thousand gallons daily.

### RICHARD HILLERBY ENLISTS IN ARMY

Signs for Signal Corps, Aviation Section—Will Leave for Jefferson Barracks This Morning.

Sergeant Stirling, local recruiting officer for the regular army at the postoffice building, signed another Jacksonville boy for army service yesterday afternoon when Richard W. Hillerby, aged twenty years, son of Mr. and Mrs. Carl S. Hillerby of this city, enlisted in the signal corps of the aviation section. Young Hillerby, not yet of draft age, was unwilling to wait until affected by the draft for the national army. He will leave this morning over the Alton for Jefferson Barracks.

House and lot No. 853 Doolin Ave., will be sold at public auction at court house, Saturday, at 2 p. m.

### SWIFT'S SON-IN-LAW UNDER ARREST

Chicago, Oct. 29.—Count James Minotto, son-in-law of Louis F. Swift, multimillionaire president of Swift & Co., has been arrested by federal authorities for pro-German activity.

The count, who was married to Ida May Swift less than two years ago, faces deportation by the United States government as an undesirable alien. He is at present at liberty in Chicago under a \$50,000 bond signed by Swift.
